BACKGROUND:

NRS 354.256 defines the process to remove uncollectible accounts receivable from County records. The application to the Board of County Commissioners (see Attachment A) must contain the following:

- a) The amount of the account receivable;
- b) The name of the debtor;
- c) A record of the effort made to collect the account receivable; and
- d) The written notice provided by the district attorney.

Collection efforts for each account receivable were conducted in accordance with NRS 354.255, requiring initial demand or invoice followed by 30-, 60- and 90-day notices of delinquency. For certain accounts, the Department of Aviation and the Office of the District Attorney exercised their discretion to undertake additional collection efforts as more specifically described within individual account files. Each account was forwarded to the Office of the District Attorney for additional collection efforts or determination of uncollectibility.
