Fund #:	N/A	Fund Name:	N/A
Fund Center:	N/A	Funded PGM/Grant:	N/A
Amount:	N/A		
Description:	N/A		
Additional Comments:	N/A		

BACKGROUND:

The Digital Counties Survey is conducted annually in partnership with the National Association of Counties (NACo). The survey recognizes counties that are leading the way in using technology to improve public services, strengthen cybersecurity, modernize operations, and deliver more responsive, transparent government. Each year, counties are evaluated on their ability to align information technology innovation with strategic priorities and real-world impact.

In the 2026 Digital Counties Survey, Clark County received a #10 national ranking in the 1,000,000 or more population category.

Commissioner Kirkpatrick has requested this item to recognize the Clark County Information Technology Department for achieving this national ranking.
