**ATTACHMENT A
SCOPE OF WORK**

**EMERGENCY TRANSPORTATION, GROUND AMBULANCE
CERTIFIED PUBLIC EXPENDITURES**

- I. Moapa Valley Fire Protection District (District) agrees to perform the following services or activities and to accept payment for the services as follows:
- A. To provide emergency transportation, ground ambulance services to eligible recipients under Title XIX within District, in accordance with the State of Nevada Medicaid State Plan and Nevada Medicaid Services Manual.
 - B. To be responsible for collecting and submitting the required information necessary to determine client eligibility for the Title XIX program.
 - C. To determine all expenditures in accordance with the District State-approved Cost Allocation Plan (CAP). Elements of the CAP necessary for claiming expenditures and for reimbursement are a Centers for Medicare & Medicaid Services (CMS) approved allocation methodology, documentation of appropriate direct, indirect and shared costs and their cost centers. Cost allocation must be consistent with the Code of Federal Regulations 2 CFR Subtitle A, Chapter II, Part 200 Uniform Administrative Requirements, Cost Principles and Audit Requirements for Federal Grants Guidance. District cannot unilaterally change the method of determining how the services will be counted or what the approved rate is once it is approved by the Division of Health Care Financing and Policy (DHCFP).
 - D. To provide a report of services and a cost report by December 1st after each fiscal year, unless an extension is granted to District, to DHCFP for emergency transportation, ground ambulance services in the format approved by DHCFP, which will be in an Excel format (.xls or .xlsx). Other formats may be considered for use at the discretion of DHCFP on a case by case basis. District must provide an electronic version of their claims for submission before DHCFP will consider that it has received the official version of the claims for the cost settlement process.
 - E. To provide detailed back-up to support the claims being submitted for cost settlement by December 1st after each fiscal year unless an extension is granted to District. The back-up data must be in accordance with the State-approved CAP for District.
 - F. Upon request, to provide DHCFP the documentation to validate the rate for eligible services based upon the approved methodology, as defined in the Nevada Medicaid State Plan, Attachment 4.19-B EMERGENCY TRANSPORTATION, GROUND AMBULANCE CERTIFIED PUBLIC EXPENDITURES (CPE), before any payment for those services is made by DHCFP. The interim rate is determined based on the actual historical costs and is estimated after the end of the state fiscal year. Requested documentation must be provided within 30 days.
 - G. To pay the State's designated auditor the state share of those costs associated with the annual reconciliation and cost settlement, within 60 days of invoice.

- H. To bill DHCFP for claims through its Medicaid Management Information System (MMIS) within 30 days of services which are allowable based upon DHCFP defined processes for Medicaid providers. Errors in claims filed through the MMIS may result in payment delays or denials.
 - I. To pay back any Title XIX funds received by District in the event that an audit results in a determination that such costs were not reimbursable under the Title XIX per receipt of written notice from DHCFP of such obligation.
 - J. To provide the required state share for Federal Medicaid funds paid for eligible recipients covered under the emergency transportation, ground ambulance services. District will provide certification that all funds used as match will be appropriated or taxing authority funds that are not used as match for any other program. The certification from District will serve as acknowledgement of the costs reported and the non-federal share of those costs will be paid according to the contract.
- II. DHCFP agrees to perform the following services or activities and to provide the following payment for District services:
- A. To work with CMS, District and its consultants as necessary to formulate plans and policies to ensure the appropriate availability of Title XIX for allowable costs and services, as defined in the Nevada Medicaid State Plan, Chapter 3.0 and Attachment 4.19-B, provided by both parties.
 - B. To provide to District necessary guidance and documentation related to the utilization of Title XIX for emergency transportation, ground ambulance and other allowable activities and services. This may include providing training related to the reimbursement for emergency transportation, ground ambulance services to District.
 - C. To approve a standard methodology for District to utilize in determining the reimbursable costs District may charge consistent with the Code of Federal Regulations 2 CFR Subtitle A, Chapter II, Part 200 Uniform Administrative Requirements, Cost Principles and Audit Requirements for Federal Grants Guidance, and the Title XIX programs. The methodology will be based on an interim rate which is the actual rate from the preceding state fiscal year. At the end of the state fiscal year, District will have until the following December 1st to submit its year-end claims to DHCFP for reconciliation and cost settlement. If District provider's interim payments exceed the actual certified costs of the provider for services to Medicaid clients, DHCFP will recoup the federal share of the overpayment. The provider must return an amount equal to the overpayment to DHCFP. If the actual certified costs exceed the interim Medicaid payments, DHCFP will pay the federal share of the difference to the provider in accordance with the final actual certification agreement.
 - D. To pay District through its MMIS for emergency transportation, ground ambulance claims submitted during the state fiscal year which is covered under the Provider Enrollment Agreement. Those expenditures and their allocation must be in accordance with District State-approved CAP. This payment will represent the federal share of the Federal Medical Assistance Percentage (FMAP) of the total allowable costs identified for emergency transportation, ground ambulance services. The FMAP is published annually pursuant to the Code of Federal Regulation (42 CFR Part 433.11 Subpart A). Correct and accurately submitted claims are generally paid within thirty (30) business days of receipt.

III. Both Parties Agree:

District shall comply with the Code of Federal Regulations 2 CFR Subtitle A, Chapter II, Part 200 Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Grants Guidance.
