EXISTING LAND USE PLAN:

SOUTH COUNTY (SEARCHLIGHT) - PUBLIC USE

PROPOSED LAND USE PLAN:

SOUTH COUNTY (SEARCHLIGHT) - NEIGHBORHOOD COMMERCIAL

BACKGROUND:**Project Description**

General Summary

- Site Address: 815 N. US Highway 95 South
- Site Acreage: 4.8
- Existing Land Use: Place of worship

Applicant's Justification

The applicant is proposing an amendment to Neighborhood Commercial (NC) land use designation. The current land use designation of Public Use does not support the proposed land use, whereas Neighborhood Commercial will better support associated conforming zone change, as well as applicable goals and policies. The subject parcel is currently used as a church, which would be better supported with a land use designation of Neighborhood Commercial for a place of worship. Furthermore, the subject parcel is located on US Highway 95 which has a large concentration of Corridor Mixed Use land use designations nearby. In amending the subject parcel's land use designation to Neighborhood Commercial, will help further support the planned commercial uses along this segment of the highway.

STANDARDS FOR ADOPTION:

The applicant shall demonstrate the proposed request is consistent with the Master Plan and is in compliance with Title 30.

Analysis**Comprehensive Planning**

The applicant shall establish the request is consistent with the overall intent of the Master Plan by demonstrating the proposed amendment 1) is based on changed conditions or further studies; 2) is compatible with the surrounding area; 3) will not have a negative effect on adjacent properties or on transportation services and facilities; 4) will have a minimal effect on service provision or is compatible with existing and planned service provision and future development of the area; 5) will not cause a detriment to the public health, safety, and general welfare of the people of Clark County; and 6) adherence to the current goals and policies of the Master Plan would result in a situation neither intended by nor in keeping with other core values, goals, and policies.

The applicant requests a change from Public Use (PU) to Neighborhood Commercial (NC). Intended primary land uses in the proposed Neighborhood Commercial (NC) land use category include a mix of retail, restaurants, offices, service commercial, and other professional services. Supporting land uses include public uses such as parks, trails, open space, places of assembly, schools, libraries, and other complementary uses.

Staff finds the request for the Neighborhood Commercial (NC) land use category appropriate for this location. There are properties planned Corridor Mixed-Use located directly south and east of this site near the intersection of US 95 and State Route 164. Staff believes the US 95 corridor is an ideal location for the proposed land use amendment. Furthermore, the proposed amendment to Neighborhood Commercial (NC) meets Policy 1.6 of the Master Plan which encourages the viability and livability of Clark County's outlying communities, taking into consideration each outlying community's area characteristics. As such, staff can support this request.

Staff Recommendation

Adopt and direct the Chair to sign a resolution adopting the amendment. This item has been forwarded to the Board of County Commissioners for final action.

If this request is adopted, the Board and/or Commission finds that the application is consistent with the standards and purpose enumerated in the Master Plan, Title 30, and/or the Nevada Revised Statutes.
