

Town Advisory Board (TAB)/ Citizens Advisory Council (CAC) Application

Name of the TAB/CAC Applying for: Enterprise TAB

TABs and CACs were created to assist the Board of County Commissioners in an advisory capacity with the decision-making process in the governance of the unincorporated towns and areas of Clark County. There are 8 TABs and 6 CACs that are appointed by the County Commission and 5 TABs that are elected. Each TAB or CAC consists of area residents that serve without compensation for two-year terms and attend regularly scheduled public meetings throughout the year.

ACTIVITIES

I enjoy many outdoor activities that consist of running, hiking, swimming, and camping to name a few. I enjoy spending time with family and friends. Nothing beats a good ol' fashioned horseshoe tournament.

SKILLS AND EXPERIENCE

As a member of the construction community I have been able to learn a great amount of information with regards to dealing with projects that are designed, funded, and initially implemented for construction/implementation in the infrastructure sector. I have been able to be a part of many projects dealing with multiple government entities; e.g., NDOT, City of Las Vegas, Henderson, Clark County, North Las Vegas, and multiple others throughout the state. I have been able to participate in the process from "design to ribbon cutting". Due to my position at Las Vegas Paving I have also been able to see first-hand the importance of budgets, and being responsible with regards to spending. A budget is no good if it can't be adhered to, and one of the most fellow employees with proper leadership and motivation for those employees that I have the important obligations of my employment has been to help extend the importance of that to my privilege of managing. Additionally to my job credentials I am a graduate of the University of Nevada, Reno. I attended and graduated High School in Elko, NV, and during these years I participated in many extracurricular activities both sports and community based. Throughout these experiences I have learned a huge amount of knowledge, but one of the most important. I believe in working as a team in whatever capacity given, and to ultimately look for solutions, that will achieve, and accomplish goals.
