SECTION 2 – RECITAL OF PREMISES, PURPOSE AND INTENT

2.01 Recitals. This Agreement is predicated upon the following facts and findings:

(a) Statutory Authorization. The County is authorized, pursuant to NRS §278.0201 through 278.0207, inclusive, to enter into binding Development Agreements with persons having a legal or equitable interest in real property to establish long range plans for the development of such property.

(b) Ownership Interest. Owner represents that it has, will acquire, or has the right to acquire, fee title ownership of the Subject Property.

(c) County Authorization, Hearing and Ordinance. All preliminary processing with regard to the Planned Community has been duly completed in conformance with all applicable laws, rules and regulations. The County Commission, having given notice as required by law, held a public hearing on Owner's application seeking approval of the form of this Agreement and the execution hereof by the County. At the described meeting, the County Commission found that this Agreement is consistent with the County's plans, policies and regulations, including the County Master Plan, that the Agreement meets the requirements of Title 30 of the Clark County Code, and that the execution hereof by and on behalf of the County is in the public interest and is lawful in all respects. During the same meeting at which the public hearing was held, the County Commission adopted the Ordinance approving this Agreement and authorizing the execution hereof by duly constituted officers of the County. Said ordinance was scheduled to be effective two weeks after adoption. County agrees to record a certified copy of the ordinance as required by NRS §278.0207.

(d) County Intent. The County desires to enter into this Agreement in conformity with the requirements of NRS, and as otherwise permitted by law, and this Agreement to provide for public services; public uses and urban infrastructure; to promote the health, safety and general welfare of the County and its inhabitants; to minimize uncertainty in planning for and securing orderly development of the Planned Community and surrounding areas; to insure attainment of the maximum efficient utilization of resources within the County at the least economic cost to its citizens; and to otherwise achieve the goals and purposes for which the State statute and County ordinance authorizing Development Agreements were enacted.

(e) Owner Intent. In accordance with the legislative intent evidenced by NRS §278.0201 through §278.0207, inclusive, authorizing Development Agreements and the intent of the County in adopting an ordinance allowing Development Agreements, Owner wishes to obtain reasonable assurances that Owner may develop the Planned Community in accordance with the conditions established in this Agreement. Owner acknowledges that there are insufficient public services, which includes facilities and infrastructure, existing or planned at this time. In order to develop the Subject Property, Owner is willing to enter into this Development Agreement in order to pay Owner's fair share of the costs to provide certain public services, facilities, and infrastructure in the area of this Planned Community. Owner further acknowledges that this Agreement was made a part of the County Record at the time of its approval by the County Commission and that the Owner agrees without protest to the requirements, limitations, or conditions imposed by this Agreement and the Concurrent Approvals.

(f) Acknowledgment of Uncertainties. The parties acknowledge that circumstances beyond the control of either party could defeat their mutual intent that the Planned Community be developed in the manner contemplated by this Agreement. Among such circumstances is the unavailability of water or other limited natural resources, federal regulation of air and water quality, and similar conditions. Owner recognizes that water shortages could affect the County's ability to perform its obligations hereunder. Owner further acknowledges and agrees this Agreement does not relieve the Owner from compliance with existing, changed, modified or amended rules regulations, laws, ordinances, resolutions, fees codes, etc., of other governmental

agencies. Such rules, regulations, laws, ordinances, resolutions, fees, codes, etc. of governmental entities must be complied with by the Owner and are not locked in nor a part of this Agreement. It is not the intent of the parties nor shall this Section be construed as excusing the County of any obligation hereunder or depriving Owner of any right under this Agreement, which can be performed.

(g) Provision of Water and Sewer Service. Owner clearly understands and agrees that, amongst other requirements, water commitment and sanitary sewer system development approval must be obtained from the proper governmental entities namely the Las Vegas Valley Water District and the Clark County Water Reclamation District. Fees and services for such commitments and systems are established by said governmental entities and must be paid and complied with by the Owner in accordance with said governmental entities requirements as amended from time to time. This Agreement or the County does not guarantee or provide the provision of water and sewer services.

2.02 Incorporation of Recitals. The foregoing recitals shall be deemed true and correct in all respects with respect to this Agreement and shall serve as the basis for the interpretation of this Agreement.

2.03 Permitted Uses, Density, Height and Size of Structures. Pursuant to NRS §278.0201 and the Code, this Agreement must set forth the maximum height and size of structures to be constructed on the Subject Property, the density of uses and the permitted uses of the land. County agrees the Planned Community may be developed to the density and with the land uses set forth in the Land Use and Development Guide/Plan, along with the development standards set forth in the Concurrent Approvals and the Applicable Rules.

SECTION 3 – DEVELOPMENT OF THE PLANNED COMMUNITY

3.01 Time for Construction and Completion of the Planned Community. Subject to the terms of this Agreement and Applicable Rules, Owner shall have discretion as to the time of commencement, construction, phasing, and completion of any and all development of the Planned Community. Nothing herein shall be construed to require the Owner to develop the Planned Community or any part thereof.

3.02 Reliance on Concurrent Approvals and Applicable Rules. County hereby agrees that Owner will be permitted to carry out and complete the entire Planned Community in accordance with the uses and densities set forth in the Concurrent Approvals subject to the terms and conditions of this Agreement and the Applicable Rules. Pursuant to the terms of this Agreement and subject to Owner's infrastructure obligations described in this Agreement, the development of the Planned Community may proceed as if all of it were in an area designated "Community District 2" notwithstanding that portions of the Planned Community which otherwise have the characteristics of "Community District 3".

3.04 Dust Mitigation. Owner will educate Builders and contractors within the Planned Community of the applicable rules of the Clark County Department of Air Quality & Environmental Management with respect to dust mitigation and will encourage compliance therewith.

In addition, the fees set forth in Chart 4.01-A below may be increased or decreased from time to time during the term of this Agreement if the modified fees are uniformly applied to all development and construction. If at the time of review an issue not previously identified in writing is required to be addressed, the review, at the request of either party, shall be continued to afford sufficient time for response.

5.02 Opportunity to be Heard. County and Owner shall be permitted an opportunity to be heard orally and in writing before the County Commission regarding their performance under this Agreement in the manner set forth in Development Agreement Ordinance.

5.03 Procedures in the Event of Noncompliance. In the event of any noncompliance with any provision of this Agreement, the party alleging such noncompliance shall deliver to the other in writing a courtesy notice, not less than thirty (30) calendar days prior to declaring a default under this Agreement. The time of notice shall be measured from the date of post mark which may be sent by regular mail.

The courtesy notice shall state the reason for noncompliance, any action necessary to correct the noncompliance, specify the nature of the alleged default and, where appropriate, the manner and period of time in which the noncompliance may be satisfactorily corrected. During the period of time the default letter is pending, the party alleged to be in default shall not be considered in default for the purposes of termination or institution of legal proceedings. If the default is corrected, then no default shall exist and the noticing party shall take no further action. If the default is not corrected within thirty (30) calendar days, the following courses of action shall apply:

(a) County Procedures

(i) Intent to Remedy Noncompliance. After proper notice and the expiration of the above-referenced periods for correcting the alleged default, the Director of Development Services, or his or her designee, may do one or both of the following options:

- (1) Immediately direct County staff to recommend that all future zoning, land use, and mapping applications within the Planned Community be conditioned so that the building permits to be issued as a result of those approvals shall not be issued until the default is corrected, or;
- (2) Issue a letter providing notice of County's intent to set the matter for hearing before the County Commission. The letter shall notify Owner of the action taken. In the event the County selects this option, County shall give Owner at least seven (7) business days notice to correct the default before the matter is scheduled for a hearing. The letter notifying Owner of the hearing shall contain the intended hearing date. The seven (7) business days will be measured from the date of the certified mailing of the notice.

(ii) Hearing Schedule. If the default is not corrected within the time specified above, the matter shall be scheduled and noticed as required by law for consideration and review by the County Commission on the next available Commission zoning agenda.

(iii) Review by County Commission. Following consideration of the evidence presented before the County Commission and a finding based on substantial evidence that a default has occurred by Owner and the default remains uncorrected, the County Commission may authorize the suspension of building permits within the Planned Community or may amend or terminate this Agreement. Termination shall not in any manner rescind, modify, or terminate any Vested Right in favor of Owner, existing or received, as of the date of the termination. Owner shall have twenty-five (25) calendar days after the date of notice of the County Commission's decision is filed with the Clark County Clerk, Commission Division, to institute legal action pursuant to Sections 5.05 and 5.06 hereof, to determine whether the County Commission abused its discretion in determining whether a default existed and remained uncorrected.

(b) Owner Procedures

(i) After proper notice and the expiration of the above-referenced periods for correcting the alleged default, Owner may issue a letter requesting a hearing before the County Commission for review of the alleged default. Upon receipt of the letter, County shall schedule an item to consider the alleged default on the next available Commission zoning agenda.

(ii) Review by County Commission. Following consideration of the evidence presented before the County Commission and a finding based on substantial evidence that a default has occurred by County and remains uncorrected, the County Commission shall direct County staff to correct the default. Owner shall have twenty-five (25) calendar days after the date of notice of the County Commission's decision is filed with the Clark County Clerk, Commission Division, to institute legal action pursuant to this Section hereof to determine whether the County Commission abused its discretion in determining whether a default existed and remained uncorrected.

- (c) Waiver. Failure or delay in giving any notice provided for herein shall not constitute a waiver of any default. Except as otherwise expressly provided in this Agreement, any failure or delay by any party in asserting any of its rights or remedies in respect to any default shall not operate as a waiver of any default or of any such rights or remedies, or deprive such party of its right to institute and maintain any actions or proceeding which it may deem necessary to protect, assert, or enforce any of its right or remedies.
- (d) Notices. All notices provided for herein shall be sent to and in the manner provided in Section 7.08 of this Agreement.

5.04 Option to Terminate. After proper notice and the expiration of the above-referenced period for correcting the alleged default, the party alleging the default shall give notice of intent to amend or terminate this Agreement pursuant to NRS §278.0205 (the "Notice of Intent"), with notices sent in the manner provided by Section 7.08 of this Agreement. Following any such Notice of Intent, the matter shall be scheduled and noticed as required by law for consideration and review by the County Commission.

5.05 Unavoidable Delay or Default, Extension of Time for Performance. Neither party hereunder shall be deemed to be in default, and performance shall be excused, where delays or defaults are caused by war, acts of terrorism, insurrection, strikes, walkouts, riots, floods, earthquakes, fires, casualties, acts of God, restrictions imposed or mandated by governmental entities, failure of governmental agencies (other than County) to perform acts or deeds necessary for the performance of this Agreement, enactment of conflicting state or federal laws or regulations, new or supplementary environmental regulations, litigation, or similar matters beyond the control of the parties. If written notice of any such delay is given to County within thirty (30) calendar days after the commencement thereof, an automatic extension of time, unless otherwise objected to by County within ten (10) business days of such written notice, shall be granted coextensive with the period of the enforced delay, or longer as may be required by circumstances or as may be subsequently agreed to between County and Owner.

5.06 Institution of Legal Action. The County and Owner agree that the County would not have entered into this Agreement if it were liable for damages under or with respect to this Agreement. Accordingly, the County and the Owner may pursue any remedy at law or equity available for breach, except that neither the Owner nor the County shall be liable to the other or to any other person or entity for any monetary damages whatsoever. Prior to the institution of any legal action, the party seeking legal action must give the thirty (30) day notice of default as set forth in Section 5.03. Following such notice, a public hearing must be held by the County Commission where the allegations will be considered and a decision regarding their merits will be reached. Any judicial review of the County Commission's decision or any legal action taken pursuant to this Agreement will be heard by a Court under the standard review appropriate to Court review of zoning actions, and the decision of the County Commission shall be overturned or overruled if its decision is clearly arbitrary and capricious. Judicial review of the decision of the County Commission shall be limited to the evidence presented to the County Commission at the public hearing. If a party desires to present new or additional evidence to the Court, such party may petition the Court to remand the matter to the County Commission to consider the additional or new evidence. Jurisdiction for judicial review or any judicial action under this Agreement shall rest exclusively with the Eighth Judicial District Court, State of Nevada.

5.07 Applicable Laws. This Agreement shall be construed and enforced in accordance with the law of the State of Nevada.

SECTION 6 – CONFLICTING LAWS

6.01 Conflicting State or Federal Rules. In the event that any conflicting state or federal laws or regulations enacted after the Effective Date prevent or preclude compliance with one or more provisions of this Agreement or require changes in plans, maps or permits approved by the County, this Agreement shall remain in full force and effect as to those provisions not affected, and the conflicting laws or regulations shall not be applied retroactively, and:

(a) Notice and Copies. Either party, upon learning of any such matter, will provide the other party with written notice thereof and provide a copy of any such law, regulation or policy or an account of any such action or inaction together with a statement of how any such matter conflicts with the provisions of this Agreement; and

(b) Modification Conferences. The parties shall, within thirty (30) calendar days of the notice referred to in the preceding subsection, meet and confer in good faith and attempt to modify this Agreement to bring it into compliance with any such federal or state law or regulation, or accommodate any such action or inaction.

6.02 County Commission Hearings. In the event the County believes that an amendment to this Agreement is necessary pursuant to this Section 6 due to the effect of any federal or state law or regulation, the proposed amendment shall be scheduled for hearing before the County Commission. The County Commission shall determine the exact nature of the amendment or suspension necessitated by such federal or state law or regulation or action or inaction. Owner shall have the right to offer oral and written testimony at the hearing. Any suspension or modification ordered by the County Commission pursuant to such hearing is subject to judicial review as set forth in Section 5.06. The parties agree that any matter submitted for judicial review shall be subject to expedited review in accordance with Rule 2.15 of the Eighth Judicial District Court of the State of Nevada.

6.03 Cooperation in Securing Permits. The County shall use its Best Efforts to cooperate with Owner in securing any County permits, licenses or other authorizations which may be required as a result of any amendment or suspension resulting from actions initiated under this Section 6. Owner will be responsible to pay all applicable fees in connection with securing of the permits.

SECTION 7 – GENERAL PROVISIONS

7.01 Enforcement and Binding Effect. Subject to the limitations of NRS §278, this Agreement is enforceable by either party in accordance with its terms notwithstanding any change (which, except for this Agreement, would otherwise be applicable) in any of the Applicable Rules. Nothing in this Agreement shall prevent the County from increasing "cost based fees" which are deemed to be administrative fees for issuance of land use approvals, building permits, plan checks, or inspections which are based upon actual costs to the County and which are uniformly applied to all development and construction subject to the County's jurisdiction. "Cost based fees" do not include the fees addressed in Section 4.01 of this Agreement.

7.02 Duration of Agreement. The Term of this Agreement shall commence upon the Effective Date and shall expire on the date the land use application expires or upon the eighth (8th) anniversary of the Effective Date, unless extended by written agreement executed by County and Owner.

7.03 Assignment.

(a) Transfer Not to Relieve Owner of its Obligation. Except as expressly provided herein, no assignee or transferee of any portion of the Planned Community within the area covered by a recorded subdivision map shall be subject to the obligations of Owner as to the portion of the Planned Community so assigned or transferred nor be deemed to have assumed all such obligations, and such assignment or transfer shall not relieve Owner of its obligation as to the assigned or transferred portion of the Planned Community.

(b) Transfer to an Affiliate of Owner. The rights of Owner under this Agreement may be freely transferred or assigned to any entity, partnership, or corporation, which Owner controls, or in which Owner has a controlling interest, or which controls Owner; provided, such entity shall assume in writing all obligations of Owner hereunder.

(c) Third Party Assignment. The rights and obligations of Owner under this Agreement may be freely transferred or assigned to a third party not affiliated with Owner, provided such third party assumes in writing all obligations of Owner hereunder as to the assigned or transferred portion of the Planned Community along with a copy of the sale, transfer, conveyance, or assignment agreement wherein the third party assumes the obligations of the Owner. Upon any such assignment hereunder, the Owner shall be relieved of all obligations and liabilities under or in connection with this agreement. In connection with the conveyance of any portion of the property, Owner shall provide County with written notice of any sale, transfer, conveyance or assignment of any unimproved portion of the Planned Community.

(d) Financial Transactions. Owner has full discretion and authority to transfer, assign or encumber the Planned Community or portions thereof in connection with financing transactions; without limitation on the size or nature of any such transaction, the amount of land involved or the use of the proceeds therefrom, and may enter into such transaction at any time and from time to time without permission of or notice to County.

7.04 Amendment or Cancellation of Agreement. Except as otherwise permitted by NRS §278.0205 and Section 5 of this Agreement, this Agreement may be amended from time to time or canceled only upon the mutual written agreement of the parties hereto.

7.05 Indemnity; Hold Harmless. Except as expressly provided in this Agreement, Owner shall hold County, its officers, agents, employees, and representatives harmless from liability for damage or claims

for damage for personal injury, including death and claims for property damage which may arise from the direct or indirect operations of Owner or those of its contractors, subcontractors, agents, employees, or other persons acting on Owner's behalf which relate to the development of the Planned Community. Owner agrees to and shall defend County and its officers, agents, employees, and representatives from actions for damages caused or alleged to have been caused by reason of Owner's activities in connection with the development of the Planned Community. Neighborhood Meeting Summary

Notices were mailed to property owners within 1,500 feet of the site notifying them of a virtual neighborhood meeting that was held on February 22, 2021 at 5:30 p.m. No neighbors attended the meeting.

Site Plan

The site plan depicts 2 office warehouse buildings centrally located on the site. The northern building is set back 20 feet from the eastern property line along Belcastro Street, 77 feet from the northern property line, and 83 feet from the western property line. The southern building is set back 5 feet from the eastern property line along Belcastro Street for stairwells (a majority of the building is set back 8 feet 5 inches), 79 feet from the southern property line along Warm Springs Road, and 72 feet from the western property line. A waiver of development standards is necessary to reduce the eastern setback for the southern building to 5 feet. The area between the buildings is 63 feet wide and includes a drive aisle and loading docks.

Access to the site is provided by 2 driveways on Belcastro Street and 1 driveway on Warm Springs Road. Waivers of development standards are required for alternative driveway geometrics, which includes reduced throat depth for all 3 driveways and a reduced departure distance on Warm Springs Road. Parking is provided on the south, west, and north sides of the site, and a trash enclosure is provided between both buildings on the west side of the site.

Landscaping

Landscaping along Warm Springs Road includes a 5 foot wide landscape strip, a detached sidewalk, and a 10 foot wide landscape strip. Along Belcastro Street, landscaping ranges in width from 5 feet to 23 feet behind an attached sidewalk. A waiver of development standards is necessary to reduce the landscaping along Belcastro Street to 5 feet where 6 feet is the minimum

width adjacent to a street. An 8 foot wide landscape strip is provided along the north property line, and a 7 foot wide landscape strip is provided along the west property line. Landscaping is also provided within the parking lot in landscape fingers.

Elevations

The southern building is 40 feet high, and the northern building is 34 feet high. Both buildings include parapet walls along the rooflines at various heights, off-set vertical surface planes, and an earth tone color scheme.

Floor Plans

The southern building is 48,326 square feet, and the northern building is 24,229 square feet. Both buildings include open floor plans with areas designated as accessory office uses to accommodate future tenant needs.

Signage

Signage is not a part of this request.

Applicant's Justification

According to the applicant, the proposed office/warehouse development is suitable at this location and the waivers of development standards are appropriate. For example, the reduced setback and landscaping width along Belcastro Street is necessary to maintain on-site circulation, and additional landscaping is provided adjacent to the northern building. Similarly, the alternative driveway geometrics are due in part to the narrowness of the site. Also, Belcastro Street is not heavily utilized, and a public facility is located directly to the east of the site, which does not generate any traffic on Belcastro Street. Therefore, the reduced throat depths should not create a public safety concern. Lastly, the increased finished grade is necessary due to the topography of the site and to maintain necessary flood protection.

Surrounding Land Use

STANDARDS FOR APPROVAL:

The applicant shall demonstrate that the proposed request meets the goals and purposes of Title 30.

Analysis

Current Planning

Zone Change

The applicant shall provide Compelling Justification that approval of the nonconforming zoning boundary amendment is appropriate. A Compelling Justification means the satisfaction of the following criteria as listed below:

1. *A change in law, policies, trends, or facts after the adoption, readoption or amendment of the land use plan that have substantially changed the character or condition of the area, or the circumstances surrounding the property, which makes the proposed nonconforming zone boundary amendment appropriate.*

Since the Spring Valley Land Use Plan was last adopted in 2014, a changing economy has necessitated significant increases in additional office/warehouse buildings to facilitate logistics, warehousing, and distribution. Meanwhile, more employees are working from home, which has decreased the demand for office buildings. As a result, M-D zoning is more appropriate for this site than C-P zoning, which would be allowed by the Office Professional land use designation.

2. *The density and intensity of the uses allowed by the nonconforming zoning is compatible with the existing and planned land uses in the surrounding area.*

An identical office/warehouse complex is under development in an M-D zone directly north of this site, an office building is located directly west of this site in a C-P zone, and a water reservoir and pump station are located east of this site across Belcastro Street in a P-F zone. The intensity of uses allowed in the proposed M-D zoning is compatible with these existing surrounding uses. South of the site, across Warm Springs Road, is an existing commercial complex in a C-2 zone and a R-3 zoned single family subdivision. M-D zoning is compatible with the existing C-2 zoned commercial complex, and Warm Springs Road, which is a 100 foot wide arterial street, will provide an adequate buffer between the proposed M-D zoning and the existing R-3 zoned single family subdivision.

3. *There will not be a substantial adverse effect on public facilities and services, such as roads, access, schools, parks, fire and police facilities, and stormwater and drainage facilities, as a result of the uses allowed by the nonconforming zoning.*

There has been no indication from the public utility purveyors that the proposed M-D zoning would negatively impact any public facilities and services.

4. *The proposed nonconforming zoning conforms to other applicable adopted plans, goals, and policies.*

Land Use Goal 11 encourages, in part, areas for distribution, logistics, and manufacturing to bolster the economic viability of Southern Nevada. The proposed M-D zoning would allow for these uses. Also, Growth Management Policy 1 encourages the development of vacant parcels within serviced areas. The vacant parcel is within an area serviced by public utilities, and a nonconforming zone change to M-D zoning would make the parcel more viable for development. Lastly, Urban Specific Policy 2 encourages in-fill development to be consistent with existing adjacent development. Here, the proposed M-D zoning is consistent with the adjacent parcel to the north, which is also zoned M-D. As a result, the proposed nonconforming zoning conforms to the applicable adopted plans, goals, and policies.

Summary

Zone Change

The proposed nonconforming zone boundary amendment is appropriate since a changing economy necessitates more M-D zoning to accommodate logistics, warehousing, and distribution. Also, the intensity of uses allowed in an M-D zone is compatible with the existing surrounding development. Lastly, the proposed nonconforming zone boundary amendment will not adversely impact public utilities and services, and it conforms to applicable adopted plans, goals, and policies.

Waivers of Development Standards

According to Title 30, the applicant shall have the burden of proof to establish that the proposed request is appropriate for its existing location by showing that the uses of the area adjacent to the property included in the waiver of development standards request will not be affected in a substantially adverse manner. The intent and purpose of a waiver of development standards is to modify a development standard where the provision of an alternative standard, or other factors which mitigate the impact of the relaxed standard, may justify an alternative.

Waivers of Development Standards #1 & #2

The reduced setback and reduced landscaping for the southern building along Belcastro Street complies with the standards of approval for waivers of development standards. For example, the abutting drainage facility and pump station on the east side of Belcastro Street will not be affected in a substantially adverse manner. Furthermore, the reduced setback and street landscaping will not materially affect the health and safety of persons residing in, working in, or visiting the immediate neighborhood. The residents to the south of Warm Springs Road will not be impacted, employees visiting the office/warehouse complex will not be impacted since there is adequate landscaping on other portions of the site, and Belcastro Street will not have heavy traffic volumes so the visual impact to the public realm will be reduced. Furthermore, the reduced setback to 5 feet is only adjacent to a stairway, while most of the building is set back over 8 feet from the back of the attached sidewalk. A setback of 8 feet was approved from Belcastro Street for the identical development directly north of this site. As a result, staff can support these waivers of development standards.

Design Review #1

The site layout and architectural design of the office/warehouse buildings comply with the standards of approval for a design review. The proposed development is compatible with adjacent development and development in the area, and the elevations, design characteristics,

and other architectural features create an orderly and aesthetically pleasing environment; therefore, staff can support the request.

Public Works - Development Review

Waiver of Development Standards #3

Staff has no objection to the reduced throat depths for the commercial driveways. The applicant worked with staff to remove parking spaces and provide additional landscape buffers adjacent to the entrances into the site. The buffers improve the visibility of traffic and provide more room for vehicles to safely exit the right-of-way.

Waiver of Development Standards #4

The applicant worked with staff to place the Warm Springs Road commercial driveway centrally on the site. Although the departure distance does not comply with the minimum standards, staff requested that the proposed driveway be separated from the driveway on the parcel to the west; therefore, staff has no objection to the reduction in the departure distance.

Design Review #2

This design review represents the maximum grade difference within the boundary of this application. This information is based on preliminary data to set the worst case scenario. Staff will continue to evaluate the site through the technical studies required for this application. Approval of this application will not prevent staff from requiring an alternate design to meet Clark County Code, Title 30, or previous land use approval.

Staff Recommendation

Approval. This item has been forwarded to the Board of County Commissioners for final action.

If this request is approved, the Board and/or Commission finds that the application is consistent with the standards and purpose enumerated in the Comprehensive Master Plan, Title 30, and/or the Nevada Revised Statutes.
