### Analysis

#### Comprehensive Planning

##### Zone Change

In addition to the standards for approval, the applicant must demonstrate the zoning district is compatible with the surrounding area. The request for RS10 zoning is conforming to the Mid-Intensity Suburban Neighborhood (MN) land use category on the site and is compatible with the surrounding area. There are a number of existing RS10 zoned subdivisions to the west located between Fogg Street and Sloan Lane. Furthermore, although the adjacent subdivision to the southwest is zoned RS20, the development was built as a PUD with lots as small as 12,000 square feet. The abutting RS20 zoned and Ranch Estate Neighborhood (RN) planned subdivision to the east will not be adversely impacted since an 80 foot wide collector street (Fogg Street) separates the site from the subdivision. The request complies with Policy SM-1.1 of the Master Plan which encourages reinvestment and revitalization of older neighborhoods in Sunrise Manor that is compatible with existing development. For these reasons, staff finds the request for RS10 zoning is appropriate for this location.

**Staff Recommendation**

Approval.

If this request is approved, the Board and/or Commission finds that the application is consistent with the standards and purpose enumerated in the Master Plan, Title 30, and/or the Nevada Revised Statutes.
