

## **Henderson District Public Libraries** **Board of Trustees Application**

**(Note: This document and accompanying materials become public record once received by Clark County.)**

Henderson Libraries seeks to cultivate a literate community by providing every citizen free access to books and information resources, as well as state of the art technology that supports work, school and recreational activities. The mission of the Henderson Libraries is to imagine possibilities, discover opportunities, and connect with the community.

The Board of Trustees for the Henderson District Public Libraries (Board of Trustees) exists pursuant to NRS 379.025 (h). The Board of Trustees consists of five (5) competent persons appointed by the Clark County Board of County Commissioners and two (2) competent persons appointed by the Henderson City Council.

Among its duties (NRS 379.025), the Board of Trustees shall hire a professional librarian to serve as the Executive Director of the Henderson Libraries, review and approve an annual budget, establish and review policies, and attend Board of Trustees meetings regularly.

The Board of Trustees meets the third (3rd) Thursday of the month at 7:45am.

Members serve four-year (4-year) terms and may not serve more than two (2) consecutive terms. Members must reside in the City of Henderson.

12/13 – 8/15 IVSC

Las Vegas, NV

*Lead Quality Assurance Engineer*

Performed and directed QA and engineering tasks at a startup company. Developed new QA processes, incorporating Automation into the build and testing methodologies for applications developed on .NET framework. Worked with Advanced Rest Client to test APIs that are used to collect data that allows for-hire-vehicle regulators to enforce licensing and local policies. Extensive iOS and Android QA experience in testing smart phone apps. Tested payment gateway APIs as well as UI performing complex and frequent credit card transactions.

01/07 – 11/13 IGT

Las Vegas, NV

*Lead Quality Assurance Engineer*

Primary responsibility included the measurement, longevity and destructive testing of electronic devices used in slot machines. This systems testing relied on thorough knowledge of the engine underneath the gaming systems and their variances on different windows platforms. I performed extensive functional and integrated end-to-end testing between this engine and the UI, written in C# using NET technologies . Using my prior skills with **Mercury Interactive Quick Test Professional** and **VMWare LabManager**, I led efforts to **automate** IGT products such as Casinolink, Intelligence Suite and IGT Cage over IGT **Cloud** framework. My other duties included working with field service personnel to address customer issues and to assist with compliance department, regulators and third party testing agencies (such as Gaming Laboratories International) with technical issues as needed.
