BACKGROUND:

On October 2, 2019, the Board of County Commissioners approved a professional engineering services contract with Stantec Consulting Services, Inc. for design engineering services and to provide an Alternatives Evaluation Report for the Duck Creek - Blue Diamond Wash between Bermuda Road and Las Vegas Boulevard project (No. PW.FCLA39A).

The Board previously approved two supplementals to the professional engineering services contract to extend the contract term and increase total funds for final design of the recommended alternative alignment for the project's storm drain facilities.

Supplemental No. 3 to the professional engineering services contract will extend the contract term from June 30, 2024 to December 31, 2026, unless further time extensions are granted. The extension of time is needed for Stantec Consulting Services, Inc. to complete the design of the storm drain improvements.

Stantec Consulting Services, Inc. currently holds a Clark County Business License.

The District Attorney's Office has reviewed and approved the third supplemental contract as to form.
