Fund Center:	CCWRD Funds	Funded PGM/Grant:	N/A
Amount:	\$4,900,000		
Description:	Construction Management Staff Augmentation Services		
Additional Comments:	N/A		

BACKGROUND:

The Clark County Water Reclamation District ("District") has a Capital Improvement Program (CIP) consisting of engineering and construction projects projected to total \$805 million in the next 5 years. This CIP program includes expansion and rehabilitation of plant treatment, lift station, and collection system facilities in the Las Vegas Valley and in the District's outlying service areas. To properly manage the construction and workload demands of these CIP projects, staff augmentation is necessary to supplement District construction management staff. Based on current workload projections, staff estimates the District will require one (1) Construction Manager, one (1) Wage Compliance Officer, and Inspectors as follows: four (4) in FY 25/26, five (5) in FY 26/27, one (1) in FY 27/28, and one (1) in FY 28/29.

On December 2, 2025, the Board approved a pre-qualified list of firms that were selected by an electronic Statement of Qualifications (eSOQ) process to provide professional services for the category of "Services - Staff Augmentation". Horrocks LLC (Horrocks) was selected from this list to provide construction management services on various CIP projects throughout the District's service areas.

Staff recommends that the General Manager sign an Agreement for Professional Services with Horrocks to provide construction management services. Horrocks LLC, a Nevada Business Enterprise, currently holds a Clark County business license.

Pursuant to Nevada Revised Statute 332.115(1)(b), contracts for professional services are not adapted to award by competitive bidding and, therefore, are exempt from the bidding requirements.

This agenda item has been reviewed and approved by the District General Counsel.
