## General Summary

- Site Address: 770 N. Royal Crest Circle
- Site Acreage: 6.05
- Existing Land Use: Undeveloped

Applicant's Justification

The applicant is requesting a zone change to a CR (Commercial Resort) Zone. The subject site is proposed for a 5 story, 78 foot tall hotel with 258 rooms. According to the applicant, the zone change is intended to match the related parcel immediately to the north. The majority of the properties west of University Center Drive and south of Sierra Vista Drive are zoned CR. Furthermore, the site is near the Resort Corridor, and therefore the conforming zone change request is appropriate.

## **Analysis**

### **Comprehensive Planning**

In addition to the standards for approval, the applicant must demonstrate the zoning district is compatible with the surrounding area. The request for CR zoning for the site is compatible and consistent with the surrounding area. The adjacent and abutting developed properties to the north and east are zoned CR and the general area west of University Center Drive and south of Sierra Vista Drive are also zoned CR. The request complies with Policy 1.4.4 which encourages in-fill development in established neighborhoods while promoting compatibility with the scale and intensity of the surrounding area. For these reasons, staff finds the request for CR zoning is appropriate for this location.

### **Staff Recommendation**

Approval.

If this request is approved, the Board and/or Commission finds that the application is consistent with the standards and purpose enumerated in the Master Plan, Title 30, and/or the Nevada Revised Statutes.
