In accordance with the provisions of NRS §§ 533.280, 533.285 and 533.290, we respectfully submit the budget for the Fiscal Year July 1, 2025, to June 30, 2026. The assessment must be charged against each water user, which must be based upon the proportion which the water right of that water user bears to the aggregate water rights in the stream system, for the distribution of the waters of the Muddy River as decreed and as prorated to those claimants within Clark County and itemized on the accompanying list.

The amount of \$17,766.51 will be required for the payment of necessary expenses incurred for supervision over distribution of the decreed water and include, but not limited to salaries of the water commissioners, special studies, water measurements, crop inventories, field investigations, associated data collection and management.

We are enclosing a certificate to be signed and returned indicating that the assessment rate necessary to support the proposed budget has been acted on by the County Commissioners and the amount certified to the Assessor.

Sincerely,

Adam Sullivan, P.E.
State Engineer
