Spring Valley TAB

Full Name: Thimble Davidson

Phone Number: [REDACTED]

Email Address: [REDACTED]

Home Address: 9870 Delta Lake Ct.
Las Vegas, Nevada 89148

Mailing Address: 9870 Delta Lake Ct.
Las Vegas, Nevada 89148

Employer: Global Medical Response

Occupation: Paramedic | Project Manager | SaaS

Affiliations: I am not currently serving on any committees, boards or advisory groups within Clark County or any other jurisdiction. I have not been appointed by any elected official or external organization to serve in an advisory capacity at this time.

Skills & Experience:

I am a licensed paramedic with extensive experience serving the Spring Valley community through my work with American Medical Response. My role has required rapid assessment, clear communication, and decision-making under pressure, all of which directly translate to effective participation in advisory discussions. Working throughout Spring Valley and the surrounding areas has given me a practical understanding of community needs, public safety considerations, and the impact of infrastructure and zoning decisions on residents.

In addition to my clinical background, I work in software implementation and project management for a healthcare technology division within Global Medical Response. This work involves coordinating with county agencies, healthcare leaders, and regional stakeholders to support operational improvements. These responsibilities have strengthened my ability to evaluate proposals, understand system-level impacts, and collaborate across disciplines.

My broader experience living in several parts of Las Vegas, including multiple residences in Spring Valley, provides additional context for understanding how planning decisions affect neighborhoods differently across the valley. I also hold a bachelor's degree in Clinical Operations and Healthcare Management, which supports my ability to evaluate long-term community planning, resource allocation, and public service needs.

Together, these qualifications allow me to bring practical insight, analytical skills and a community-focused approach to the Spring Valley Town Advisory Board.

Note: This document and accompanying materials become public record once received by Clark County.

Application Questions:

To be eligible to serve, you must be both a qualified elector (eligible to vote) and a resident of the unincorporated town or area encompassed by the TAB or CAC. By clicking the checkbox, you acknowledge that you meet the eligibility requirements.

Yes

Meeting days, times, and frequency vary from one TAB/CAC to another. The schedules are listed here: <a href="[Meeting Schedule](https://www.clarkcountynv.gov/government/departments/administrative_services/town_liaison_services/spring-valley-tab)

By clicking the checkbox, you acknowledge that you are able to attend meetings on a regular basis.

Yes

Click the checkbox if you have previously attended a Planning Commission or County Commission meeting.

No

Click the checkbox if you have previously attended a TAB or CAC meeting in Clark County.

Yes

If you have, which one and what was your experience?

I have not previously attended a Town Advisory Board (TAB) or Citizens Advisory Council (CAC) meeting in Clark County.

Please list any boards or commissions that you currently serve on:

None. I do not currently serve on any boards or commissions.

Why are you interested in becoming a member of your TAB or CAC?

I am interested in joining the Spring Valley Town Advisory Board because I have lived in several parts of the community over the years and have developed a strong connection to the area. My work as a paramedic in Spring Valley has given me firsthand insight into the experiences, needs and concerns of residents across many different neighborhoods. I see this board as a meaningful way to apply those experiences toward strengthening the community and supporting thoughtful, long-term planning. I believe Spring Valley is at an important point in its growth, and serving on the advisory board offers an opportunity to contribute a grounded perspective informed by both public service and local experience. I want to help ensure that decisions affecting zoning, development and community priorities reflect the lived realities of the people who reside here. This is a chance to actively support the future of a community I care about and to contribute in a practical, service-oriented way.

I verify by my signature below that all statements made on this application, as well as any information attached hereto, are true and complete to the best of my knowledge. I understand that an electronic signature has the same weight and effect as a handwritten signature. Furthermore, I understand that an incomplete application and any modifications to this application will not be accepted or considered. This document and accompanying materials become public record once received by Clark County.

ATTN: Spring Valley Town Advisory Board Clark County, Nevada

To Whom It May Concern,

**9870 Delta Lake Ct.
Las Vegas, NV 89148
U.S.A.**

(Cell) [REDACTED]
[REDACTED]

I am writing to formally express my interest in serving on the Spring Valley Town Advisory Board. My connection to Spring Valley spans several years and reflects both periods of residency and ongoing ties to the community. Since moving to Las Vegas in 2018, I have lived in three different residences throughout Spring Valley, along with time spent living in other parts of the valley. Those experiences have allowed me to understand how Spring Valley fits within the larger fabric of Las Vegas and have given me a balanced perspective on what makes this community unique and where opportunities for improvement exist.

My work as a paramedic with American Medical Response has further strengthened this connection. AMR's local office is located in Spring Valley, and my role on the ambulance has taken me through every part of the town. This work has provided a close view of the community's diversity, challenges and day-to-day realities, and has given me firsthand interaction with the residents who call Spring Valley home. These insights, gained from both living here and serving the area professionally, shape how I think about public needs, community safety and responsible development.

Having lived in different neighborhoods across Las Vegas, I have seen a range of approaches to growth, infrastructure, and community planning. I believe these broader experiences give me a meaningful frame of reference that I can apply to supporting Spring Valley's long-term needs. As the Las Vegas region continues to grow, Spring Valley will play a central role in how the community evolves. Joining the advisory board represents a real opportunity to contribute to that process in a way that is grounded in local experience and informed by an understanding of the wider valley.

If selected, I would bring a thoughtful, community-focused perspective to the board's work. I am committed to participating fully in meetings, training and discussions, and to serving as a constructive link between residents and county leadership. I value Spring Valley deeply and would welcome the opportunity to contribute to its ongoing growth and improvement.

Thank you for considering my application. I look forward to the possibility of serving the community through this advisory role.

Sincerely,

Thimble Samuel-Michael Davidson

Paramedic | Project Manager | SaaS

Las Vegas, Nevada, USA

EXPERIENCE

Software Implementation, Business Development and Project Management Specialist

04/2024 - Present

Global Medical Response

Remote Work, U.S.A.

Work closely with Development Teams, Account Managers, Product Leads, and Engineering to implement SaaS solutions for the EMS healthcare industry, including Concierge, Air, and Ground EMS Transportation. Manage full project lifecycles using Smartsheet for project tracking, Salesforce for CRM and business development, and Microsoft Office Suite for reporting and presentations. Act as a relationship-focused partner, intentionally building connections with clients and internal stakeholders to ensure solutions meet operational and clinical needs. Confidently deliver product demos, onsite trainings, and customer presentations, tailoring solutions to address complex challenges and demonstrate value. Proactively track and communicate project progress to leadership and customers, while consistently driving adoption and exceeding implementation goals. Known for persistence, strong work ethic, and a customer-first mindset, I bring value to every partnership and align each engagement with the mission of improving healthcare operations and patient outcomes.

CoFounder

08/2023 - Present

BluRooDev, LLC

Sioux Falls, South Dakota (Remote)

As Co-Founder of BluRooDev, LLC, I lead end-to-end business and technology operations, including customer support, database management, website development, financial planning, and LLC compliance. Partnering closely with development teams, I oversee new protocol integration, user acceptance testing (UAT), and beta testing for iOS to ensure accuracy, efficiency, and regulatory alignment. I manage projects using Smartsheet and Microsoft Suite, balancing independent execution with cross-functional collaboration. Additionally, I design and implement facility- and jurisdiction-specific calculators to meet state requirements and develop marketing campaigns across digital and print media to enhance brand visibility, user engagement, and customer acquisition.

Paramedic

02/2023 - Present

American Medical Response

Nevada, Las Vegas

Respond to emergent and non-emergent 911 and interfacility transfer calls, perform detailed medical assessments, deliver patient care, and complete incident, billing, and radio communications.

Remote OffShore Paramedic

04/2021 - 04/2024

International SOS

Gulf of Mexico, U.S.A.

Provided emergency and occupational medicine on offshore drill ships and production platforms. Managed administrative tasks, inventory, health and safety inspections, HSE training, and emergency drills. Oversaw IADC and OSHA reporting and documentation for employee illnesses and injuries.

International Paramedic

01/2022 - 06/2022

The GW Medical Faculty Associates

US Military Bases, Kuwait

Delivered ALS 911 and interfacility transport services across U.S. military bases in Kuwait, managing emergent and non-emergent responses, patient care, and safe transport.

Remote Paramedic & Assistant Supervisor

Pafford Medical Services

Virgin Islands, U.S.A.

04/2020 - 11/2021

Delivered emergency medical services on a remote island, staffing both ambulances and an ambulance boat. Supported COVID testing, cardiac telemetry, and emergency department technician duties, while serving as Assistant Supervisor for operations, mass vaccination efforts, and mobile health programs.

Vicksburg, Mississippi

Served as a Paramedic with the U.S. Army Corps of Engineers Mat Sinking Unit in Vicksburg, Mississippi. Provided occupational health and first aid care aboard a barge on the Mississippi River, including routine COVID testing. Managed patient assessments, treatment, emergent and non-emergent transports, incident and billing reports, and customer service.

Paramedic, Community Paramedic, and EMT-B Ambulance Attendant

03/2016 - 03/2020

American Medical Response

Tacoma, Washington

Responded to 911 and interfacility transfer calls (emergent and non-emergent), conducted medical assessments, delivered patient care, and managed incident, billing, and radio communications.

Las Vegas, Nevada

Responded to 911 and interfacility transfer calls (emergent and non-emergent) while performing traditional paramedic duties and serving in a pilot Community Paramedicine Program (2018–2019) focused on behavioral health crises. Partnered with a Licensed Clinical Social Worker to apply behavioral health and crisis management training, diverting patients to psychiatric hospitals or substance abuse programs when appropriate.

Washington, District of Columbia

Served as an EMT-B Ambulance Attendant, responding to emergent and non-emergent calls, providing patient care, and managing incident, billing, and radio communications.

EMT-B Ambulance Attendant

12/2015 - 03/2016

All American Ambulance Transportation

Lothian, Maryland

Managed interfacility transfers, conducted medical assessments, coordinated radio communications, and completed incident and billing reports.

EMT-B Security Guard

09/2015 - 02/2016

Asbury Retirement Community (Allied Barton)

Solomons, Maryland

Conducted security patrols, performed medical assessments, coordinated emergency response, and prepared detailed incident reports.

EDUCATION**B.S.H.S. in Clinical Operations and Health Care Management**

04/2022 - 08/2025

George Washington University School of Medicine and Health Science - Bachelor of Science in Health Sciences
