

CLARK COUNTY BOARD OF COMMISSIONERS

AGENDA ITEM

Petitioner: Denis Cederburg, Director of Public Works

Recommendation:

Approve and authorize the Chair to sign Interlocal Contract No. 3136 among Clark County, Regional Transportation Commission of Southern Nevada, City of Las Vegas, City of North Las Vegas, City of Henderson, City of Boulder City, and City of Mesquite for the Work Zone Management - One.Network project. (For possible action)

FISCAL IMPACT:

Fund #:	N/A	Fund Name:	N/A
Fund Center:	N/A	Funded PGM/Grant:	N/A
Amount:	N/A		
Description:	N/A		
Additional Comments:	RTC will provide funding in the amount of \$350,000 for all costs associated with this project. Clark County is not obligated to pay any of the project costs.		

BACKGROUND:

The Regional Transportation Commission of Southern Nevada (RTC) has approved and budgeted funding for the Work Zone Management - One.Network project in RTC's Highway Improvement Acquisition Fund - Fuel Revenue Indexing for Fiscal Year 2024. RTC intends to improve public messaging and response in real time to construction impacts on transit and traffic management operations within the jurisdictions of Clark County, City of Las Vegas, City of North Las Vegas, City of Henderson, City of Boulder City, and City of Mesquite (collectively "Entities").

Interlocal Contract No. 3136 identifies RTC as the lead agency and responsible party for all costs associated with the project. This project constitutes a regional strategic plan for work zone coordination, and will focus on impacts to 80-foot and greater right-of-way roadways, which comprises the majority of RTC transit routes and signalized intersections. The RTC would like to engage in a pilot project with One.Network, which will be managed by the Freeway and Arterial System of Transportation (FAST). The intent of the pilot project is to increase communication and visibility related to work zones and event related traffic interruptions by implementing a system that will provide real-time work zone locations and data via the One.Network platform. This an agency driven project that has the support of FAST. If the pilot project is successful, FAST will coordinate with the other agencies to incorporate this messaging system into their jurisdictions. The time of performance is effective until June 30, 2029, unless time extensions are granted.

RTC approved the interlocal contract at its meeting on April 11, 2024.

The District Attorney's Office has reviewed and approved the interlocal contract as to form.
