BACKGROUND:

Project Description

General Summary

- Site Address: 3000 Las Vegas Boulevard South
- Site Acreage: 86.9 (portion)
- Project Type: Recreational facility
- Parking Required/Provided: 5,485/7,420

Site Plan

The plan depicts an existing resort hotel (Resorts World) located on the west side of Las Vegas Boulevard South, east of Sammy Davis Jr. Drive, north of Genting Boulevard, and the north and south sides of Resorts World Drive. The applicant is proposing an additional outdoor recreational facility for limited events and fairground with live entertainment located solely on APN 162-09-312-003. This specific parcel is located north of Resorts World Drive, west of Las Vegas

Boulevard South. The west half of this parcel includes 236 parking spaces for the public to utilize in addition to 7,184 existing parking spaces throughout the resort hotel grounds. The subject parcel has an overall area of 9.6 acres, and a 1.6 acre portion (currently undeveloped) will be utilized as future recreational facility and fairground event space. Furthermore, aerial photos show that this portion of the subject parcel is screened from the right-of-way. Lastly, an emergency access route as required per the Clark County Fire Department is located around the perimeter of the 1.6 acre portion site for recreational facility/fairground.

Landscaping

A detached sidewalk with landscape areas on each side of the sidewalk exists along Genting Boulevard and Goh Tong Way. Existing landscaping will not be impacted, and new landscaping is not required.

Elevations & Floor Plans

No elevations or floor plans were submitted with the application, nor required, since the nature of the proposal is for various temporary recreation/event and fairground uses that will change depending on the type of event.

Applicant's Justification

The applicant is requesting to add a new recreational facility and fairground use with live entertainment on a parcel located north of the main resort hotel area. The same type of use was previously approved for the Enchant event via UC-22-0498; on the southern portion of the site. The plans show that the existing screen fencing shall remain in place providing partial screening of the events. Existing landscaping shall remain. The applicant anticipates no permanent structures will be required. The events can be considered seasonal in nature as an example of this was Enchant on the southern parcel and was considered a flexible space with live entertainment. Every event venue will have different characteristics, thus the vehicle and pedestrian circulation patterns, seating areas, generator locations (if required) and stage locations (if required) will vary. An Emergency Action Plan (EAP), a vehicle and pedestrian circulation plans, seating areas, generator locations (if required) and stage locations (if required) will all be submitted to the Fire Department for an operational permit. Emergency access will be identified on the EAP. The site has a current dust permit. The event site includes a paved parking lot with 236 parking spaces adjacent to the site.
