BACKGROUND:

Clark County is eligible to receive FY 2026-2027 ESG program funds in the approximate amount of \$744,845 from the U.S. Department of Housing and Urban Development (HUD). The objective of these funds is to engage individuals and families experiencing homelessness; improve the number and quality of emergency shelters; aid in the operation of those shelters; provide essential services to shelter residents; rapidly rehouse those experiencing homelessness by helping them to regain stability in permanent housing; and prevent homelessness.

In response to the solicitation for proposals, six (6) project applications were received requesting a funding amount of \$1,025,399.44. On March 2, 2026, an ad hoc committee consisting of members of the Community Development Advisory Committee (CDAC) and the Southern Nevada Homelessness Continuum of Care (SNHCoC) Programs Committee determined the ESG allocation recommendations attached as well as contingency plans if additional funding becomes available. These recommendations were accepted by the full CDAC on March 3, 2026.

The Board of County Commissioners has the final authority over the allocation of these funds, subject to the County meeting federal requirements. The allocations approved by the Board of County Commissioners will be incorporated into the FY 2026 HUD Annual Action Plan. This agenda item allows the County Manager or his designee to approve and sign necessary agreements and associated documents for the ESG program.
