**Project Description**

General Summary

- Site Address: N/A
- Site Acreage: 5.10
- Project Type: Single-family residential subdivision
- Number of Lots: 20
- Density (du/ac): 3.92
- Minimum/Maximum Lot Size (square feet): 5,464/8,196

Project Description

The plan depicts a proposed subdivision consisting of 20 single-family residential lots. All internal lots are accessed from Torino Avenue to the south via a 39 foot wide north-south private street which terminates at a bisecting east/west private street on the north side of the subdivision. The east-west private street terminates in stubs at both its eastern and western ends. Private streets feature roll curbs on both sides and have no sidewalks. An easement measuring 30 feet in width, dedicated for emergency and utility access purposes, is located between the east-west private street and Buffalo Drive. A bus turnout is also located in this area.

### STANDARDS FOR APPROVAL:

The applicant shall demonstrate that the proposed request is consistent with the Master Plan and is in compliance with Title 30.

### Analysis

#### Comprehensive Planning

This request meets the tentative map requirements and standards for approval as outlined in Title 30.

The layout of the subdivision is orderly, with lots on both sides of the internal streets. The lots are accessible only from internal and external local public streets, and there are no double-frontage lots, as common lots are used to separate lots from the perimeter streets. The lot sizes of the subdivision meet the requirements of the RS5.2 zoning district. However, the site is also surrounded by a Neighborhood Protection Overlay and is therefore subject to the residential adjacency standards in Title 30, which require minimum lot sizes of 10,000 square feet or more for lots adjacent or abutting properties within the RNP boundaries. Because the smallest lot in the subdivision is 5,464 square feet, the proposed lot sizes do not meet the residential adjacency requirements. Also, staff finds that the design of the subdivision lacks the required connectivity as single-family subdivisions on sites greater than 5 acres shall include a minimum of 2 through-access drives per Code. In addition, staff does not support the associated plan amendment, zone change, waivers of development standards, and design review requests; therefore, staff does not support the tentative map.

#### Staff Recommendation

Denial. This item will be forwarded to the Board of County Commissioners for final action on **June 17, 2026** at 9:00 a.m., unless otherwise announced.

If this request is approved, the Board and/or Commission finds that the application is consistent with the standards and purpose enumerated in the Master Plan, Title 30, and/or the Nevada Revised Statutes.
