WORK MODIFICATION FOR COUNTY-OWNED CONSTRUCTION PROJECTS AND
WORK RELATED THERETO**

WHEREAS, the Clark County, Nevada (the “County”) Board of County Commissioners (the “Board”) passed, adopted and approved a resolution establishing a policy for approval of work modification for County-owned construction projects and work related thereto on November 17, 1992 (the “Resolution”); and

WHEREAS, pursuant to Section 1 and Section 6 of the Resolution, all work modifications issued pursuant to the Resolution shall not cumulatively exceed ten percent (10%) of the original contract amount without Board approval; and

WHEREAS, to better ensure timely, efficient and sound management of the County’s property, the County desires to further amend Section 1 and Section 6 of the Resolution to increase the work modification cumulative percentage amount from ten percent (10%) to twenty percent (20%) of the original contract price or the original estimated compensation to the contract.

NOW, THEREFORE, BE IT RESOLVED, by the Board, that:

1. Section 1 of the Resolution is amended to read as follows:

The County Manager, or their designee, is hereby authorized to approve and order additions, deletions or revisions of work elements in any future or existing contract for project management, architectural or engineering or other professional service, or construction, erection, installation, demolition, remodeling, or hazardous material abatement for any project which provides for the development, expansion or remodeling of County property. The cumulative amount of all such authorizations for each contract shall not exceed twenty percent (20%) of the original contract price or the original estimated compensation to the contract. Changes in these limit levels may only be authorized by the Board of County Commissioners.

2. Section 6 of the Resolution is amended to read as follows:

All work modifications issued pursuant to the Resolution which are made in writing, signed by the authorized person, and do not cumulatively exceed twenty percent (20%) of the original contract amount shall not require prior approval by the Board of County Commissioners. All work modifications issued pursuant to this Resolution will be reported by the applicable County department to the Board of County Commissioners in writing through the agenda process, or by other means, on a quarterly basis.
