Analysis**Comprehensive Planning**

In addition to the standards for approval, the applicant must demonstrate the zoning district is compatible with the surrounding area. Staff finds the proposed conforming zone boundary amendment falls within the range of existing commercial and professional service businesses. The proposed zone change, and use are aligned with the Master Plan. In addition, this area of Sunrise Manor has a harmonious mix of residential, commercial and office professional uses so the proposed vehicle sales business would not be out of place. Staff does not anticipate an impact on the residential developments surrounding the sites. Lastly, the request complies with Policy SM-5.1 of the Master Plan which encourages the compatible development of businesses that provide an employment base near residents of Sunrise Manor. For these reasons, staff finds the request appropriate for this location.
