

Rural Alliance Advisory Committee (RAAC) Application

The RAAC consists of individuals that reside within a residential neighborhood in Clark County, with densities of 2 dwelling units per acre or less, areas designated with a rural neighborhood preservation overlay, or other spaces that are rural in nature and captured within the Clark County Master Plan. Members will offer input on issues that directly impact these areas. Members serve without compensation for two-year terms and attend regularly scheduled public meetings throughout the year.

Full Name: Carl L. Anderson (Lex) Phone Number: [redacted]

If appointed, will you be able to attend meetings on a regular basis? Yes No
- Have you attended a Planning Commission or County Commission meeting? Yes No

- Have you attached the REQUIRED resume ? Yes No

For the following questions, please feel free to attach additional pages as necessary

List 3 issues impacting rural communities? 1. Easier/faster/cheaper common sense application process for neighborhood RNP-O status. 2. Need for ordinance based transitional buffering zone and height standards. 3. RNP-O autonomy/process for wavering urban standards in a suburban/rural neighborhood.
4. Increased RNP-O relevance with the Planning Dept. for development applications with neighborhood impact considerations,

Please list any boards or committees that you currently serve on: _____

5. Establish RNP-O standards within FBC before the City gets to Phase IV!

Executive Board member for the Northwest Area Resident's Association (NARA) SINCD 1995.

NARA Executive Board Historian since December 2, 2002

Why are you interested in becoming a member of the RAAC? _____

The City of Las Vegas original 2005 RNP-O ordinance was written in haste at the time with good intentions, but without historical insight to give the statute the content and authority it needed to offer administrative and legal advocacy. Now we have the history, we know the problems and the solutions.

All we need is a long overdue common sense ordinance revision with functional content.
