REQUEST FOR PROPOSAL NO. 250000
Flow Monitor Services**

SUMMARY

Request for Proposal (RFP) 250000 was issued on July 18, 2024. No Pre-Proposal meeting was held, however all questions from Prospective Offerors were due on August 8, 2024, and the RFP closed on September 12, 2024, at 2:00 PM PST. The Procurement Solutions Section received two (2) proposals.

Proposals were received from the following firms: ADS LLC dba ADS Environmental Services (LBE) and Core & Main LP (LBE).

The Evaluation Committee consisted of two Clark County Water Reclamation District staff members and one City of Las Vegas staff member (refer to Attachment 2). The proposals were reviewed for the compliance with mandatory qualification requirements, conformance to the RFP requirements and scored relative to the technical qualifications, proposed strategy, equipment and pricing criteria listed in the RFP. Each proposal was rated in five categories for a maximum possible score of 100 points. The rating criteria for this proposal are:

1. Expertise/Experience/Qualifications (35 maximum points)
2. Cost/Pricing (25 maximum points)
3. Proposed Strategy and Operational Plan (20 maximum points)
4. Proposed Equipment/Website Software (10 maximum points)
5. Conformance to RFP requirements (10 maximum points)

The Summary of the evaluation results is as follows:
