General Summary

Applicant’s Justification

The applicant states that the request to rezone the subject parcel to Commercial General (CG) from Residential Single-Family 20 (RS20) is appropriate as it not only anticipates future commercial development needs within the area, but also strategically aligns with adjacent properties bearing the Corridor Mixed Use (CM) land use designation. The applicant further states that the CG zoning is needed to meet anticipated commercial demand, stimulate economic growth in the community, and will ensure area residents have access to essential services and retail options in close proximity.

### Analysis

#### Comprehensive Planning

##### Zone Change

In addition to the standards for approval, the applicant must demonstrate the zoning district is compatible with the surrounding area. The land use category for the subject site is proposed to be changed from Business Employment (BE) to Corridor Mixed-Use (CM) in the Master Plan. This land use is primarily intended for a mix of retail, restaurants, offices, service commercial, and other professional services. The CG (Commercial General) zone is established to accommodate traditional, auto-oriented commercial uses while allowing for the transition over time to a mix of retail, commercial, and mixed-use development. The CG zone is considered a conforming zone within the CM land use designation while the current zone, RS20, is nonconforming. This portion of Silverado Ranch Boulevard has been transitioning to CG zoning. This includes property to the west at the intersection of Decatur Boulevard and Silverado Ranch Boulevard and to the east near the intersection with Arville Street. Rezoning the subject property to CG will be consistent with the intent of Master Plan Policy 1.3.3 which encourages the integration of restaurants, medical offices, and other daily needs services as part of or adjacent to new neighborhoods to minimize the need for long vehicle trips. For these reasons, staff finds the request for the CG Zone is appropriate for this location.
