**BACKGROUND:**

**Project Description**

General Summary

- Site Address: N/A
- Site Acreage: 2.8
- Existing Land Use: Undeveloped

Applicant’s Justification

The applicant states that this amendment is justified by the unique characteristics of the subject property. This parcel is proposed for a 4 story, 139 unit multiple family project. The applicant is requesting a zone change on the 2.8 acre parcel from C-2 to R-5. This zone change requires a Master Plan Amendment to the Entertainment Mixed-Use land use category. According to the applicant, with the high demand for housing in this area of the valley, the land use request is warranted and desirable. Furthermore, the proposed project will have easy access to a variety of services and nearby parks.

ZC-23-0931	A zone change to reclassify the site from C-2 to R-5 zoning for a 139 unit multiple family project, along with the associated design review which also includes a restaurant pad site along Charleston Boulevard on APN 161-05-115-002 is a companion item on this agenda.

**STANDARDS FOR ADOPTION:**

The applicant shall demonstrate the proposed request is consistent with the Master Plan and is in compliance with Title 30.

**Analysis**

**Comprehensive Planning**

The applicant shall establish the request is consistent with the overall intent of the Master Plan by demonstrating the proposed amendment 1) is based on changed conditions or further studies; 2) is compatible with the surrounding area; 3) will not have a negative effect on adjacent properties or on transportation services and facilities; 4) will have a minimal effect on service provision or is compatible with existing and planned service provision and future development of the area; 5) will not cause a detriment to the public health, safety, and general welfare of the people of Clark County; and 6) adherence to the current goals and policies of the Master Plan would result in a situation neither intended by nor in keeping with other core values, goals, and policies.

The applicant requests a change from Corridor Mixed-Use (CM) to Entertainment Mixed-Use (EM). The intended primary land uses in the proposed Entertainment Mixed-Use land use designation include a mix of retail, restaurants, entertainment, gaming, lodging, and other tourist-oriented services, as well as office uses. Supporting land uses include high density residential, as well as public facilities such as civic and government uses, plazas, pocket parks, and other complementary uses.

Staff finds the request to redesignate the site to Entertainment Mixed-Use (EM) will not be compatible with the surrounding area. The subject site is directly north of existing suburban residential neighborhoods and the closest substantial multiple family development is over 1,050 feet away in the City of Las Vegas. One of the fundamental aims of the Master Plan is to provide a holistic approach to growing a community by ensuring that adequate services will be available when demand occurs. The issue of establishing an isolated standalone multiple family development in the immediate area could have adverse impacts. As stated above, the intended primary land uses in Entertainment Mixed-Use land use category include a mix of retail, entertainment, gaming, lodging, and other tourist-oriented services, as well as high density residential. Unexpected land use patterns along Charleston Boulevard may have significant impacts on traffic, noise, and lighting that may lead to dramatic changes in the existing single family residential neighborhoods to the south. For these reasons, staff cannot support this plan amendment.

**Staff Recommendation**

Denial. If approved, adopt and direct the Chair to sign a resolution adopting the amendment. This item has been forwarded to the Board of County Commissioners' meeting for final action.

If this request is adopted, the Board and/or Commission finds that the application is consistent with the standards and purpose enumerated in the Master Plan, Title 30, and/or the Nevada Revised Statutes.
