Employer: Verizon **Occupation:** Program/Project
Management - PMO

Affiliations: Affiliations: I am currently not serving on any State or Local committees. My only semi related committee would be as board President for our HOA for Souvenir Homes.

Skills & Experience: With 30 years of extensive experience in Program and Project Management, I possess a deep, proven ability to lead and deliver complex initiatives across diverse technological and regulatory landscapes. My expertise spans critical domains, including the successful management and implementation of advanced Voice/Data technology solutions and cutting-edge BioMetrics technology. A core strength is ensuring rigorous compliance with key industry and governmental regulations, specifically FCC, DOJ, PCI (Payment Card Industry), and Sarbanes-Oxley (SOX). I excel at translating complex compliance requirements into actionable project plans, mitigating risk, and safeguarding organizational integrity across all managed programs. I have consistently demonstrated exceptional skill in leading large-scale, complex, and cross-functional projects that drive significant business results. My experience includes orchestrating collaboration and alignment among a wide array of stakeholders and internal departments.

I am adept at managing the intricate dependencies and communication across functions such as IT, Marketing, Sales, Sales Operations, Sourcing, Legal, and Executive Leadership. My approach focuses on establishing clear communication channels, defining shared objectives, and employing strategic program governance to successfully navigate organizational complexities and deliver unified, successful project outcomes.

Yes

If you have, which one and what was your experience?

My attendance at previous meetings was a positive experience where I successfully initiated requests for follow-up details. I offered two key recommendations:

1) To improve clarity by visually displaying discussed parcels (e.g., on a monitor or map)

2) To pursue greater partnership with adjacent townships such as Paradise

Township, given their proximity to Spring Valley and role in bridging urban and suburban areas.

(Please note that my last attendance was not recent, so these suggestions may already be in practice.)

Please list any boards or commissions that you currently serve on:

My leadership skills extend to community management, highlighted by hands-on experience managing the Souvenir Homeowners Association (HOA), which encompasses 248 residential homes. This role involved comprehensive fiscal and operational oversight, including meticulous budget management, ensuring the long-term financial health of the community through adherence to and execution of the Reserve Study, and rigorous maintenance of community standards. I possess a strong working understanding of local code enforcement and violation management, ensuring that the community operates smoothly, legally, and within established covenants.

Why are you interested in becoming a member of your TAB or CAC?

Vested interest and passion to improve safety, aesthetic and home values in our Spring Valley Community; usher our community to be more thoughtful of the key differences needed in the community that is more and more Urban
