BACKGROUND:

The Clark County Department of Aviation (DOA) holds an approved Project Labor Agreement (PLA) between Clark County (Owner) and signatory unions for the DOA's Capital Improvement Program (CIP).

In accordance with Article II, Section I of the PLA, the Owner may select a CIP project, in addition to those already identified, to be added to the PLA based on one or more factors, including, but not limited to: complexity of the work, unique construction processes, time constraints, operational constraints, stability of the project, adequate supply of skilled labor, and security requirements. Accordingly, the following four CIP projects are proposed to be included in the PLA:

- Project 3092 - LAS ARFF Station Improvements
- Project 3100 - LAS Drainage Improvements at Taxiway D
- Project 3142 - LAS D-Gates Apron and Taxiway C Islands Rehabilitation
- Project 3143 - LAS Holding Pad 1 Reconstruction

All procedures and advertising will be conducted pursuant to the provisions of the PLA.
