

CLARK COUNTY BOARD OF COMMISSIONERS

AGENDA ITEM

Petitioner: Denis Cederburg, Director of Public Works

Recommendation:

Approve and authorize the Chair to sign an interlocal contract between Clark County and Regional Flood Control District for construction of the State Route 163, Phase 2 - Sediment Basin project. (For possible action)

FISCAL IMPACT:

Fund #:	4990.992	Fund Name:	Public Works Regional Improvements/RFCD
Fund Center:	1260110001	Funded PGM/Grant:	PW.FCLA04C
Amount:	\$1,860,670		
Description:	SR 163, Phase 2 - Sediment Basin		
Additional Comments:	N/A		

BACKGROUND:

The Clark County Regional Flood Control District (RFCD) has approved and programmed funds for flood control improvements for the State Route 163, Phase 2 - Sediment Basin project located on the south side of State Route 163, approximately a quarter of a mile west of Casino Drive in Laughlin, Nevada. The facility is identified as LUBC 0031 on RFCD's 2019 Master Plan Update (MPU) for Outlying Areas.

The attached interlocal contract will provide funds in Year 1 of RFCD's Ten-Year Construction Program for construction of the State Route 163, Phase 2 - Sediment Basin project. The basin will serve to mitigate the sediment load currently conveyed through existing downstream MPU facilities that ultimately discharge to the Colorado River. This project consists of a sediment basin, inflow and outlet facilities, concrete baffle walls, and graded maintenance roads.

The time of performance is effective until June 30, 2029, unless time extensions are granted.

RFCD approved the interlocal contract at its meeting on August 8, 2024.

The District Attorney's Office has reviewed and approved the interlocal contract as to form.
