

Town Advisory Board (TAB)/ Citizens Advisory Council (CAC) Application

Name of the TAB/CAC Applying for: Lone Mountain

TABs and CACs were created to assist the Board of County Commissioners in an advisory capacity with the decision-making process in the governance of the unincorporated towns and areas of Clark County. There are 8 TABs and 6 CACs that are appointed by the County Commission and 5 TABs that are elected. Each TAB or CAC consists of area residents that serve without compensation for two-year terms and attend regularly scheduled public meetings throughout the year.

Full Name: Joseph G. Crapo Phone Number:

Mailing Address: 4635 N. Fort Apache Rd.
Las Vegas, NV 89129

Employer: NV5 Occupation: Electrical Engineer

Note: This document and accompanying materials become public record once received by Clark County.

• To be eligible to serve, you must be both a qualified elector (eligible to vote) and a resident of the unincorporated town or area encompassed by the TAB or CAC. Before you continue, please indicate if you meet the eligibility requirements: Yes No

• Meeting days, times, and frequency vary from one TAB/CAC to another. The schedules are listed here: https://www.clarkcountynv.gov/government/departments/administrative_services/town_liaison_services/tab_cac_information.php

If appointed, will you be able to attend meetings on a regular basis? Yes No

• Have you attended a Planning Commission or County Commission meeting? Yes No

• Have you attached the **REQUIRED** resume or letter of interest? Yes No

For the following questions, please feel free to attach additional pages as necessary.

Have you attended a TAB or CAC meeting in Clark County? Yes No

If so, which one and what was your experience?

I attended the Lone Mountain CAC meeting on 10/8/24. I found it enlightening to see the process and the genuine interest that the committee members have for the community, the people that live here and the preservation of the rural area.

Please list any boards or committees that you currently serve on:

None.

Why are you interested in becoming a member of your TAB or CAC?

I have lived in the area for 35 years and have seen considerable change during that time. As a member of the Northwest Rural Preservation Association, I would like to see the development in this area continue in a responsible manner. As an electrical engineer, with considerable experience in outdoor lighting, I have been working with Las Vegas City Councilwoman Francis Allen-Palenske to offer professional guidance on her proposed lighting ordinance for the northwest area of the incorporated city area. This experience has inspired me to become more involved in improving this community.

I verify by my signature below that all statements made on this application, as well as attached information, are true and complete to the best of my knowledge. I understand that an electronic signature has the same weight and effect as a handwritten signature. I understand that an incomplete application or any modifications to this application will not be accepted or considered.

Profile

Resident of the northwest Las Vegas area for 35 years. My wife and I have raised our five children here and are proud to call Las Vegas home. I am an electrical engineer by profession. I am an analytical thinker and a solutions-oriented person. I have been involved in the local community in the Boy Scouts of America and in my church's youth program. I have developed leadership skills as an entrepreneur/business owner, and in professional organizations.

As an engineer, I review municipal development codes and prepare construction design drawings to comply with those codes. I also research the various building and construction codes as needed to ensure compliance. I am firm believer in adherence to regulations. I believe that understanding the regulation is essential for proper application. This is necessary to interpret and exercise good judgement for the specific circumstances that occur in the community.

Experience

VICE-PRESIDENT/DIRECTOR OF ELECTRICAL ENGINEERING | NV5 | OCT. 2022 – PRESENT

- Manage, recruit, hire and train nine staff members in electrical department for a multi-national engineering firm. I am responsible for overseeing technical engineering design projects, staffing decisions, project schedules, employee performance evaluations and project budgets.
- Joined the NV5 team in 2022 to provide technical leadership and develop staff.

PRINCIPAL ELECTRICAL ENGINEER | INTREPID ENGINEERING | SEPT. 2004 – OCT. 2022

- Developed this business with a mechanical engineer business partner. I was responsible for all electrical engineering and design work, business development, proposals, client management and insurance requirements. I was responsible for managing client relationships, including proper explanations of technical material and dispute resolution.
- Developed the business from scratch and managed over 100 projects on average each year that we were in business.

Education

B.S. IN ELECTRICAL ENGINEERING | DECEMBER 2001 | UNIVERSITY OF NEVADA LAS VEGAS
HIGH SCHOOL GRADUATE | JUNE 1991 | WESTERN HIGH SCHOOL, LAS VEGAS, NEVADA

Skills & Abilities

- Engineering and technical oversight
