Project Description

General Summary

- Site Address: 5765 W. Tropicana Avenue, 5785 W. Tropicana Avenue, & 5795 W. Tropicana Avenue
- Site Acreage: 1.74 (portion)
- Project Type: Banquet facility

- Parking Required/Provided: 6 (proposed banquet facility)/99 (entire commercial center)

Site Plans

The plans depict a commercial center with access points along Tropicana Avenue to the north and Duneville Street to the west. The proposed banquet facility will occupy an existing suite within the in-line building located along the southern portion of the commercial center. The subject in-line building shares cross access and parking with 2 other pad site buildings that front Tropicana Avenue. No changes are proposed to the site. The applicant is seeking a use permit to allow for a banquet facility within 200 feet of residential uses to the east.

Elevation & Floor Plan

The photos show a 1 story retail building with a concrete tile roof. The stucco exterior is painted and includes pop-outs, columns, and glass store front windows. The 1,445 square foot lease space will include a lobby area, open seating area, restrooms, and a storage room.

Applicant's Justification

The applicant states the banquet facility operates as a reservation-only private event venue, with a maximum occupancy limited to 60 people. The venue is designed for milestone celebrations and intimate gatherings including baby showers, birthday parties, graduations, bridal showers, and similar private events. The business does not operate as a nightclub, bar, or public entertainment venue, hookah lounge, or continuous-service restaurant. There are no walk-in customers, no ticketed public events, and no open public gatherings. All events are pre-scheduled and occur entirely within the enclosed tenant space. The site has ample parking for all existing uses and for the proposed banquet facility. The proposed use will not have amplified sound, no exterior queuing or outdoor gathering; therefore, having minimal impact.

STANDARDS FOR APPROVAL:

The applicant shall demonstrate that the proposed request is consistent with the Master Plan and is in compliance with Title 30.

Analysis

Comprehensive Planning

Use Permit

A special use permit is considered on a case by case basis in consideration of the standards for approval. Additionally, the use shall not result in a substantial or undue adverse effect on adjacent properties, character of the neighborhood, traffic conditions, parking, public improvements, public sites or right-of-way, or other matters affecting the public health, safety, and general welfare; and will be adequately served by public improvements, facilities, and services, and will not impose an undue burden.

The reduction to residential separation for the proposed banquet facility requires the approval of a use permit to determine if the use could have any negative impacts on adjacent developments. There is an existing multi-family residential use, approximately 51 feet to the eastern property line. Staff finds that the multi-family residential ingress/egress drive aisle with mature landscaping buffers the nearest multi-family residential building to the east which is approximately 159 feet from the banquet facility. Although the proposed banquet facility is compatible with existing uses within the commercial center, staff finds the request does not support Goal SV-1 which in part, encourages the protection of existing neighborhoods in Spring Valley while providing opportunities for complementary uses. Therefore, staff cannot support the request.

Staff Recommendation

Denial.

If this request is approved, the Board and/or Commission finds that the application is consistent with the standards and purpose enumerated in the Master Plan, Title 30, and/or the Nevada Revised Statutes.
