**BACKGROUND:**

In April 2010, the Regional Flood Control District (RFC) approved funding for the Flamingo Wash between the Union Pacific Railroad and Hotel Rio Drive project on its annual Ten-Year Construction Program.

Supplemental No. 4 to the interlocal contract increases total funds for design to cover consultant design services for the additional hydrologic analysis that were performed to evaluate flows along Flamingo Road between the Flamingo Wash and Valley View Boulevard, alternative alignment evaluations for regional facilities to minimize both present and future cost to the master plan, and additional design to be able to reduce/eliminate the acquisition cost to the project associated with the Union Pacific Railroad. This fourth supplemental contract will also extend the project completion date from June 30, 2025 to December 30, 2026, to complete design and provide support through construction.

RFC approved the fourth supplemental contract at its meeting on November 14, 2024.

The District Attorney's Office has reviewed and approved the fourth supplemental contract as to form.
