General Summary

- Site Acreage: 5.5

Applicant’s Justification

The request for Commercial General (CG) zoning is to allow commercial use of the property to establish convenience store with gasoline station and vehicle wash, restaurants with drive-thru and restaurant (tavern) on the subject site. The intended uses will support the residential development to the south by providing needed commercial services using public transit, personal vehicles, and foot. Additionally, the transition of commercial to residential development will provide a buffer to the busy Blue Diamond Road.

The applicant shall demonstrate the proposed request is consistent with the Master Plan and is in compliance with Title 30.

Analysis

Comprehensive Planning

In addition to the standards for approval, the applicant must demonstrate the zoning district is compatible with the surrounding area.

The existing land use in the Master Plan for the subject site is Neighborhood Commercial (NC). This land use is primarily intended for a mix of retail, restaurants, offices, service commercial, and other professional services. The CG (Commercial General) Zone is established to accommodate traditional commercial uses. The CG zone is considered a conforming zone within the NC land use designation while the current zone, H-2 is non-conforming. The developed areas to the south of the subject property are zoned RS3.3. Rezoning the subject property to CG will be consistent with the intent of Master Plan Goal 1.6.3 encouraging supporting opportunities for local economic development. For these reasons, staff finds the request for the CG Zone is appropriate for this location.

Approval.

If this request is approved, the Board and/or Commission finds that the application is consistent with the standards and purpose enumerated in the Master Plan, Title 30, and/or the Nevada Revised Statutes.
