## Credit types and Project Volume Discount Table

**1. Credit Types.** Company offers Credits for both simple projects ("Simple Credits") and complex projects ("Complex Credits"). Simple Credits are used for projects that require no more than twenty (20) plan sheets that go through no more than (2) review cycles, such as may be used in the building of fences, decks, sheds, accessory structures and the like. Complex Credits are used for projects that require greater document control, sheet-level versioning, collaborative communication with end-customer and/or other advanced functions. Complex projects have more than twenty (20) plan sheets and/or go through more than two (2) review cycles, such as may be used in site planning and land use, commercial, residential, mixed-use projects, fire planning and the like.

**2. Fee Calculation.** The fees charged for Credits in each Subscription Period (the "Subscription Fee") are calculated as follows:

- the Price Per Credit for each of the Simple Credits and Complex Credits, respectively, are determined according to Estimated Usage and the corresponding Volume Tier as listed on the Amendment Order Form; and
- the Subscription Fee assessed is equal to the sum of the following: ((Simple Price Per Credit) x (Estimated Usage of Simple Credits)) + (Complex Price Per Credit) x (Estimated Usage of Complex Credits))
