Analysis

Comprehensive Planning

In addition to the standards for approval, the applicant must demonstrate the zoning district is compatible with the surrounding area. Staff finds the request for CG zoning on the site is compatible with the surrounding area. The site is located off of a collector street (Spencer Street) and is abutting and adjacent to other CG zoned properties to the west and south of the site. As long as there is no access provided to the residential street (Kamden Way/Roxbury Lane) within the single-family residential subdivision to the north and east, and with appropriate buffering, the site could function for commercial purposes. The request complies with Policy 6.1.6 which encourages infill, redevelopment, and adaptive reuse of vacant or underutilized buildings, both public and private, as a means to encourage reinvestment and sustainable development patterns. For these reasons, staff finds the request for CG zoning is appropriate for this location.

Staff Recommendation

Approval. This item will be forwarded to the Board of County Commissioners' meeting for final action on April 16, 2025 at 9:00 a.m., unless otherwise announced.

If this request is approved, the Board and/or Commission finds that the application is consistent with the standards and purpose enumerated in the Master Plan, Title 30, and/or the Nevada Revised Statutes.
