Have you attended a TAB or CAC meeting in Clark County? Yes ☒ No ☐

If so, which one and what was your experience?

. I have been involved in my community attending both TAB/CAC meetings for many years for both my personal life and my business. One of the most recent TAP/CAC meetings I attended was for a non-conforming zoning change for a property in my neighborhood. During this meeting, the town board saw how The zoning change would impact our community and understood the importance of preserving the rural planning. For my business, we have applied for zoning changes. We had a great experience with the town board. We found it important to work with the neighborhood and the TAB/CAC to ensure the zoning change would enhance the community, not change the entirety of the community planning and zoning.

Please list any boards or committees that you currently serve on:

More recently, I have found myself becoming a community liaison for my neighborhood. I have organized several gatherings to communicate zoning changes within our neighborhood. During my children's early education, I sat as PTA President and served as the teacher classroom(s) planner. In addition, I have helped plan events and collect donations for many organizations such as Toys for Tots, Henderson Seniors Auxiliary and for NSPCA.

Why are you interested in becoming a member of your TAB or CAC?

Being a General Contractor I have worked with builders, homeowners, and City Departments to achieve success on several building projects, including commercial and residential structures. For over 26 years, I have ran a successful construction business while managing field staff and office staff to make sure we are working at a high-performance level. The reason for mentioning my work experience is to showcase an understanding of the developer side as well as a community member.

Attached you will find a letter of interest expressing my passion for the position. Being part of the community is extremely important to me. I find that when we work on any issue as a community, a positive outcome is possible. This position allows for the community to be heard and understood. In the future I would like to see more outreach in our communities to educate the public on the procedures, zoning, public works projects, programming, and ways the community can be a part of the process.

KIMBERLY SWARTZLANDER

Dear Agenda Coordinator,

I'm writing to express my interest in volunteering for the role of Town Advisory Board/Citizens Advisory Council for Clark County. I strongly believe that the community should be involved in the decision making within the area they reside. When a passionate community is involved, we are able to preserve the integrity of that community. From first-hand experience, I have witnessed the change in the dynamic of a neighborhood when zoning changes are forced into the area. My interest in this position comes from the enthusiasm to be a voice for neighbors and businesses creating a blended community while maintaining neighborhoods.

Within my own neighborhood, I have become a liaison to help assist, organize, and inform our neighbors on procedures and resources to communicate effectively their concerns within our community. In addition, I have a great understanding of community planning and zoning. I have organized group gatherings and communicated with neighbors to ensure their feelings are expressed during non-conforming zone changing within our neighborhood.

I would love the opportunity to serve on our local advisory board for Clark County. I'm available to speak with you and/or one of your colleagues to discuss how I can most effectively contribute to this position. I can be contacted at

Thank you for your time in considering my qualifications.
Sincerely,

Kimberly Swartzlander
