BACKGROUND:

The proposed 2024 Electrical Code replaces the current 2018 edition.

The Southern Nevada Amendments to the 2023 National Electrical Code were developed jointly by the Southern Nevada Building Officials and the local construction industry through committee hearings and actions.

Adopting and enforcing the 2023 National Electrical Code with the Southern Nevada Amendments will provide for improved construction methods and materials, contribute to safeguarding people and property from electrical hazards in new construction in Clark County, and keep Clark County consistent with the State of Nevada Public Works Division, which has already adopted the 2023 National Electrical Code.

The ordinance was introduced at the July 1, 2025, Board of County Commissioners' meeting, and a public hearing is scheduled for July 15, 2025, at 10:00 a.m. Staff recommends approval of the ordinance to amend Title 25, Chapter 25.04 of the Clark County Code.
