**Skills & Experience:**

I bring a strong background in coordination, public service, and community engagement that aligns closely with the responsibilities of the Spring Valley Town Advisory Board. In my professional role, I manage complex planning processes, work with a wide range of stakeholders, and ensure that projects are carried out responsibly, transparently, and with careful attention to community needs. I regularly review proposals, communicate procedural requirements, gather stakeholder input, and support public-facing events, experiences that directly translate to evaluating development items and engaging residents in an advisory board setting.

I also have extensive experience with public meeting procedures, agenda preparation, and compliance with Nevada's Open Meeting Law through my leadership roles in student governance. These responsibilities strengthened my understanding of government transparency, open processes, and the importance of accurate documentation. This background prepares me well for the structured, public-facing, and accountability-driven environment of a Town Advisory Board.

Beyond my campus roles, I have worked in community oriented and government settings that required constituent engagement, policy research, and communication with public offices. These experiences helped me develop strong analytical abilities and the capacity to summarize complex issues clearly and effectively. I am comfortable working with multiple departments, interpreting procedural information, and ensuring that residents understand how decisions may impact their neighborhoods.

Overall, I would bring strong organizational skills, clear communication, and a thoughtful, community-centered approach to the committee. My experience in coordination, public service, and structured governance equips me to carefully evaluate the matters before the board and contribute meaningfully to the work of serving the residents of Spring Valley.

Why are you interested in becoming a member of your TAB or CAC?

I am interested in becoming a member of the Spring Valley Town Advisory Board because I care deeply about the wellbeing of the community I grew up in, and I want to contribute in a genuine, constructive way. Spring Valley has shaped my life, and serving on the TAB is an opportunity to give back by helping ensure that local decisions are made with the best interests of residents in mind. I am passionate about helping people, especially when it comes to issues that affect their daily lives, such as development, safety, accessibility, and the overall quality of our neighborhoods. I believe that residents deserve a voice in how their community grows and changes. Too often, people feel disconnected from local government or unsure how to make their concerns heard. By serving on the TAB, I hope to help bridge that gap and make the process more accessible, transparent, and responsive. My goal is to listen, understand community concerns, and ensure that the perspectives of everyday residents are represented when recommendations are made to the County Commission. Ultimately, my interest in joining the TAB comes from a genuine desire to contribute positively to the place I call home. I want to use my experience, my commitment to public service, and my passion for helping others to support thoughtful decision-making and help shape a future for Spring Valley that reflects the needs and aspirations of the people who live here.
