

Henderson District Public Libraries **Board of Trustees Application**

(Note: This document and accompanying materials become public record once received by Clark County.)

Henderson Libraries seeks to cultivate a literate community by providing every citizen free access to books and information resources, as well as state of the art technology that supports work, school and recreational activities. The mission of the Henderson Libraries is to imagine possibilities, discover opportunities, and connect with the community.

The Board of Trustees for the Henderson District Public Libraries (Board of Trustees) exists pursuant to NRS 379.025 (h). The Board of Trustees consists of five (5) competent persons appointed by the Clark County Board of County Commissioners and two (2) competent persons appointed by the Henderson City Council.

Among its duties (NRS 379.025), the Board of Trustees shall hire a professional librarian to serve as the Executive Director of the Henderson Libraries, review and approve an annual budget, establish and review policies, and attend Board of Trustees meetings regularly.

The Board of Trustees meets the third (3rd) Thursday of the month at 7:45am.

Members serve four-year (4-year) terms and may not serve more than two (2) consecutive terms. Members must reside in the City of Henderson.

Application Overview:

If you are interested in applying for membership on the Board of Trustees, please complete the application below. If you have any questions related to the Board of Trustees or the application process, please email mlsmedley@hendersonlibraries.com

ACCOMPLISHMENTS

- Led the Distance Education 1 to 1 Device Deployment project, successfully procuring and deploying approximately 150,000 Chromebooks and 10,000 iPads to Clark County School District students in need of a device for distance learning during the COVID-19 shutdown.
- Led the re-creation, design and implementation of the comprehensive Computer Replace and Repurpose program through the 2015 Capital Improvement Program to provide new computers and associated peripherals; repurposing, removal and recycling of devices; and consultation services to schools to support schools' instructional goals.
- Developed and implemented the Technology Integration Support Model, which includes the continuous management and oversight of the hiring; professional learning; mentoring; and support for the Site-based Computer Technician program for all schools.
- Led the Technology Support Transfer of Responsibility committee for six pilot schools, resulting in the development of an internal service cost "a la carte" menu for projects and Level 1 services along with a Technical Support Standards manual, which is used to establish Level I technology maintenance standards across all schools.
- Increased overall Help Desk call efficiency by increasing the quantity, quality, and focus of Help Desk Analyst training, increasing self-help tools and automating processes available to end users, and reducing wait time.
- Developed a comprehensive support program for the G Suite ecosystem through the implementation of a G Suite Advisory team; creation of Google documentation and procedures; expanded technical assistance; and support of over 220,000 Chromebook devices in the CCSD environment.
- Partnered with the Student Support Services Division and the Instruction Unit to successfully implement and deploy over 15,000 mobile devices as part of the FUSE Algebra and Title I E3: Engage, Empower, Explore mobile device one-to-one initiatives.
- Named a Center for Digital Education's "Top 40 Innovators in Education," in 2013 *Yearbook: Technology Innovation in Education*.
- Worked with the Curriculum and Professional Development Division to prepare responses for the Center for Digital Research's 2010 Top Digital School Districts Survey, resulting in 1st place recognition for CCSD.

LEADERSHIP ROLES

- Spring 2012, National School Board Association Educational Site Visit, *Co-chair*
- E3: Engage, Empower, Explore 1:1 Project, *Project Manager*

WORK EXPERIENCE

THE LEADERSHIP INSTITUTE OF NEVADA

Director, Digital Leadership Institute, October 2021-March 2022

- Coordinate and oversee the Distance Learning program including managing instructor contracts, course marketing, registration development and tracking, facilitation of Zoom sessions, and participant completion.
- Serve as technology consultant for various Leadership Institute projects.

CLARK COUNTY SCHOOL DISTRICT

Director II, User Support Services, Technology and Information Systems Services, February 2013-June 2021

- Leads a team of 104 technical support, clerical and contracted staff to provide end-users with help desk, field, consultation, professional learning, and support services to all stakeholders district-wide, including employees, students and parents.
- Act as a technical liaison with other departments, divisions, and school leaders, including Instruction, Operations, Facilities, Finance and Human Resources, and with product suppliers, vendors, and consultants to support systems, district-wide initiatives, and special project needs.
- Manage, plan, and monitor department and project budgets for personnel requirements, new hardware/software upgrades and acquisitions, and external consultants, with a focus on cost-savings and operational efficiencies.
- Negotiate, oversee and manage contracts, prepare Requests For Information and Requests For Proposal, and participate in the selection process for new products and services as needed.
- Lead the selection, integration, and rollout of new technologies, standards, products, and systems for use district-wide.
- Manage instructional technology projects and programs including the Capital Improvement Program “Computer and Peripheral Replace and Repurpose” program, which provides replacement computers and peripherals to schools.
- Oversee the district’s enterprise mass communication system, including the coordination of product enhancements and system maintenance, district-wide consultation and support services, and development of usage policies and procedures.
- Oversee the development of online and face-to-face technical training and resources, including documentation, handbooks, and other division materials; provide training sessions on a variety of topics to users.
- Provide informational presentations to district and community stakeholders, educational leaders, and general public, both locally and nationwide.
- Assist with the development and implementation of the division’s mission and commitments.

CLARK COUNTY SCHOOL DISTRICT

Coordinator III, Administrative Assistant, Technology and Information Systems Services, December 2006-February 2013

- Serve as an assistant to the Chief Technology Officer; prepare division correspondence, high-level reports, and research for the division, executive team, and district stakeholders.
- Manage an annual software budget of approximately \$2 million.
- Supervise a team of clerical, technical, and consulting staff for various project needs and tasks.
- Oversee the contracts, maintenance, and tracking of enterprise business software systems.
- Manage instructional technology projects and programs including the Title I E3: Empower, Engage, Explore one-to-one project, the rollout of the 2012-2017 Technology Plan, and the district's enterprise mass communication system.
- Develop and update technical training documentation, handbooks, and other division materials, and provide training and presentations on a variety of topics to users, including the district's enterprise mass communication system.
- Coordinate the selection, integration, and rollout of new technologies, standards, products, and systems for incorporation and use district-wide.

CLARK COUNTY SCHOOL DISTRICT

MIS/DP Technology Specialist, Networking Services, August 2001-December 2006

- Serve as a technical resource to staff, providing district-wide operational support and security for microcomputer equipment and all related hardware, software and peripherals; supporting remote data transfer networking technologies; and preparing technical documentation and instructions.
- Assist in the planning and implementation of network hardware and software installation and upgrades and the design and maintenance of LAN/WAN systems.
- Assist in monitoring network performance and diagnosing network malfunctions on the workstation, server, and LAN/WAN, including coordinating and/or implementing repair activities.
- Serve as project leader of the district-wide GroupWise email system, including maintenance, upgrades and design.
- Manage projects, including research and development, coordinating staff and resources to meet milestones, and preparing related reports as needed for upper management.
- Serve as team lead on the Server Unit Help Desk, including managing trouble tickets and staff workloads, development of help desk materials and forms, and streamlining processes for department efficiency.

CLARK COUNTY SCHOOL DISTRICT

MIS/DP Technology Specialist, User Support Services, February 1999-August 2001

- Serve as a technical resource to staff and departments and providing district-wide operational support and security for microcomputer equipment and all related hardware, software, and peripherals, and preparing technical documentation.
- Diagnose computer system malfunctions on the workstation and LAN/WAN, including coordinating and/or implementing repair activities internally or with other technical departments and staff.
- Assist in the planning and implementation of desktop computer hardware and system software installation and upgrades.
- Assist in the development of the User Support Services Help Desk procedures, processes, and issue management system.

LAS VEGAS-CLARK COUNTY LIBRARY DISTRICT

Microcomputer Technician, May 1996-February 1999

- Provide district-wide support for public library LAN/WAN, computers, POP3 email system, domain name server, and all related hardware, software, and peripherals, and serve as a technical resource to both staff and patrons.
- Install, configure, and repair network and desktop hardware, software, and security; monitoring network performance and applying all network hardware and software updates; performing fault isolation, and resolving complex network and desktop problems; and ensuring network security, integrity and reliability with minimal downtime on LAN; and maintaining and performing network backup and recovery procedures for data and applications.
- Provide recommendations of hardware and software, capacity planning, development of policies, and cost justifications.
- Train staff and public on systems including Microsoft Office Suite, Microsoft Windows Basics, and Internet Basics.
- Creation, implementation, and supervision of the inventory control system for computer equipment district-wide.
- Perform report and record keeping tasks, and maintain files relative to department, including the creation of technical documentation as necessary.

LAS VEGAS-CLARK COUNTY LIBRARY DISTRICT

Microcomputer Center Assistant, October 1994-May 1996

- Manage telephones and desk, scheduling, cashiering, and record-keeping tasks such as end-of-the-month reports and statistics, and maintaining patron accounts on the Library Mainframe System.
- Provide hands-on assistance and instruction for patrons regarding current software programs and use of center equipment.
- Serve as a technical resource, providing phone support for PC and Apple platforms and the Library Mainframe System, complex troubleshooting and resolution of desktop and networking problems, and basic repair for all machines in the center,
- Provide recommendations of hardware and software for use in the computer center, in addition to hands-on research and evaluation of recommended applications and software.
- Create documents and procedures for the Microcomputer Center and for other departments as needed.

**Henderson District Public Libraries
Board of Trustees Application
Jennifer N. Andricopulos
March 25, 2025**

Skills and Experience

I began my career in public service in 1991 working for the Las Vegas-Clark County Library District (LVCCSD) where I worked in the Circulation and Technology Departments. In 1999, I obtained a position at the Clark County School District (CCSD) Technology and Information Systems Services Division where I worked for twenty-two years. During my time at LVCCSD and CCSD, I supported all aspects of technology, including school library infrastructure. I oversaw large-scale projects with multi-million dollar budgets and served on high-profile inter-agency committees throughout my tenure. I retired from CCSD in June of 2021. From October 2021-March 2022 I worked part-time for the Leadership Institute of Nevada as Director of the Digital Leadership Institute providing online certification for educators. My experience working with all of these organizations has provided me with a keen insight into how libraries, public entities, and non-profit organizations operate, the services each provides, and the role and responsibility each have in serving the community.

I have served in a variety of volunteer leadership capacities since my retirement from CCSD.

- In June 2021 I was appointed to the Henderson District Public Libraries Board of Trustees and nominated as Vice-Chair in 2024.
- I assisted the Friends of Henderson Libraries for the past two years with donations and event planning for their annual Library Tree Lane Gala.
- I was appointed to the State Council on Libraries & Literacy in August 2023 as the Public Library Trustee representative. My term expires on July 31, 2026.

Outside of my professional experience, I also served as President of the St. Clare of Assisi Women's Guild for St. Francis of Assisi Catholic Church in Henderson, NV and was the Chair of the Annual Derby Day Luncheon building fundraiser for the parish.
