SECTION 2 – RECITAL OF PREMISES, PURPOSE AND INTENT

2.01 Recitals. This Agreement is predicated upon the following facts and findings:

(a) Statutory Authorization. The County is authorized, pursuant to NRS §278.0201 through 278.0207, inclusive, to enter into binding Development Agreements with persons having a legal or equitable interest in real property to establish long range plans for the development of such property.

(b) Ownership Interest. Owner represents that it has, will acquire, or has the right to acquire, fee title ownership of the Subject Property.

(c) County Authorization, Hearing and Ordinance. All preliminary processing with regard to the Project has been duly completed in conformance with all applicable laws, rules and regulations. The County Commission, having given notice as required by law, held a public hearing on Owner's application seeking approval of the form of this Agreement and the execution hereof by the County. At the described meeting, the County Commission found that this Agreement is consistent with the County's plans, policies and regulations, including the County Master Plan, that the Agreement meets the requirements of Title 30 of the Code, and that the execution hereof by and on behalf of the County is in the public interest and is lawful in all respects. During the same meeting at which the public hearing was held, the County Commission adopted the Ordinance approving this Agreement and authorizing the execution hereof by duly constituted officers of the County. Said ordinance was scheduled to be effective two weeks after adoption. County agrees to record a certified copy of the ordinance as required by NRS §278.0207.

(d) County Intent. The County desires to enter into this Agreement in conformity with the requirements of NRS, and as otherwise permitted by law, and this Agreement to provide for public services; public uses and urban infrastructure; to promote the health, safety and general welfare of the County and its inhabitants; to minimize uncertainty in planning for and securing orderly development of the Project and surrounding areas; to insure attainment of the maximum efficient utilization of resources within the County at the least economic cost to its citizens; and to otherwise achieve the goals and purposes for which the State statute and County ordinance authorizing Development Agreements were enacted.

(e) Owner Intent. In accordance with the legislative intent evidenced by NRS §278.0201 through §278.0207, inclusive, authorizing Development Agreements and the intent of the County in adopting an ordinance allowing Development Agreements, Owner wishes to obtain reasonable assurances that Owner may develop the Project in accordance with the conditions established in this Agreement. Owner acknowledges that there are insufficient public services, which includes facilities and infrastructure, existing or planned at this time. In order to develop the Subject Property, Owner is willing to enter into this Development Agreement in order to pay Owner's fair share of the costs to provide certain public services, facilities, and infrastructure in the area of this Project. Owner further acknowledges that this Agreement was made a part of the County Record at the time of its approval by the County Commission and that the Owner agrees without protest to the requirements, limitations, or conditions imposed by this Agreement and the Concurrent Approvals.

(f) Acknowledgment of Uncertainties. The parties acknowledge that circumstances beyond the control of either party could defeat their mutual intent that the Project be developed in the manner contemplated by this Agreement. Among such circumstances is the unavailability of water or other limited natural resources, federal regulation of air and water quality, and similar conditions. Owner recognizes that water shortages could affect the County's ability to perform its obligations hereunder. Owner further acknowledges and agrees this Agreement does not relieve the Owner from compliance with existing, changed, modified or amended rules regulations, laws, ordinances,

resolutions, fees codes, etc., of other governmental agencies. Such rules, regulations, laws, ordinances, resolutions, fees, codes, etc. of governmental entities must be complied with by the Owner and are not locked in nor a part of this Agreement. It is not the intent of the parties nor shall this Section be construed as excusing the County of any obligation hereunder or depriving Owner of any right under this Agreement, which can be performed.

(g) Provision of Water and Sewer Service. Owner clearly understands and agrees that, amongst other requirements, water commitment and sanitary sewer system development approval must be obtained from the proper governmental entities namely the Las Vegas Valley Water District and the Clark County Water Reclamation District. Fees and services for such commitments and systems are established by said governmental entities and must be paid and complied with by the Owner in accordance with said governmental entities requirements as amended from time to time. This Agreement or the County does not guarantee or provide the provision of water and sewer services.

2.02 Incorporation of Recitals. The foregoing recitals shall be deemed true and correct in all respects with respect to this Agreement and shall serve as the basis for the interpretation of this Agreement.

2.03 Permitted Uses, Density, Height and Size of Structures. Pursuant to NRS §278.0201 and the Code, this Agreement must set forth the maximum height and size of structures to be constructed on the Subject Property, the density of uses and the permitted uses of the land. County agrees the Project may be developed to the density and with the land uses set forth in the Land Use and Development Guide/Plan, along with the development standards set forth in the Concurrent Approvals and the Applicable Rules.

SECTION 3 – DEVELOPMENT OF THE PROJECT

3.01 Time for Construction and Completion of the Project. Subject to the terms of this Agreement and Applicable Rules, Owner shall have discretion as to the time of commencement, construction, phasing, and completion of any and all development of the Project. Nothing herein shall be construed to require the Owner to develop the Project or any part thereof.

3.02 Reliance on Concurrent Approvals and Applicable Rules. County hereby agrees that Owner will be permitted to carry out and complete the entire Project in accordance with the uses and densities set forth in the Concurrent Approvals subject to the terms and conditions of this Agreement and the Applicable Rules. Pursuant to the terms of this Agreement and subject to Owner's infrastructure obligations described in this Agreement, the development of the Project may proceed.

3.03 Air Quality Conformity. Owner acknowledges County has adopted an air quality plan and agrees to comply with the applicable provisions thereof, including any state and federal rules and regulations.

3.04 Dust Mitigation. Owner will educate Builders and contractors within the Project of the applicable rules of the Clark County Department of Air Quality & Environmental Management with respect to dust mitigation and will encourage compliance therewith.

3.05 Water Conservation. Owner agrees to encourage water conservation in the Project. Owner agrees to design any open space using the best available, water conserving techniques, including but not limited to proper soil preparation and water conserving irrigation systems and equipment. Landscaping adjacent to public streets shall be limited to water conserving plant materials.

3.06 Temporary Storm Water Construction Permit. Owner agrees to educate Builders and contractors within the Project on the requirements for a Temporary Storm Water Construction Permit issued from the Nevada Division of Environmental Protection (NDEP).

SECTION 4 – PUBLIC FACILITIES

4.01 Public Facilities. Owner agrees that prior to issuance of any building permit for a single family dwelling, multiple family dwelling, retail, office, industrial or hotel use in the Project, they will pay the fees as set forth in the Public Facilities Chart below, hereinafter referred to as Chart 4.01-A, except as modified by this Section 4.01.

In addition, the fees set forth in Chart 4.01-A below may be increased or decreased from time to time during the term of this Agreement if the modified fees are uniformly applied to all development and construction within the Public Facilities Needs Assessment area. The County and Owner agree that any fee modifications shall be applied only for building permits not yet issued. Owner and the County will not be entitled to any payment or reimbursements for fees paid for building permits issued prior to any such fee modification.

Each facility must be built, in the manner prescribed by Code, prior to issuance of any grading and/or building permits for the area impacted by the facilities as identified in the approved Drainage Study in accordance with Code. Notwithstanding any other provision in this section no grading or building permit shall be issued in any area not protected by the drainage facilities identified in the approved Drainage Study.

SECTION 5 – REVIEW AND DEFAULT

5.01 Frequency of Reviews. As required by NRS §278.0205 and the Development Agreement Ordinance, at least once every twenty-four (24) months during the Term of this Agreement, Owner shall provide and County shall review in good faith a report submitted by Owner documenting the extent of Owner's and County's material compliance with the terms of this Agreement during the preceding twenty-four (24) months. If at the time of review an issue not previously identified in writing is required to be addressed, the review, at the request of either party, shall be continued to afford sufficient time for response.

5.02 Opportunity to be Heard. County and Owner shall be permitted an opportunity to be heard orally and in writing before the County Commission regarding their performance under this Agreement in the manner set forth in Development Agreement Ordinance.

5.03 Procedures in the Event of Noncompliance. In the event of any noncompliance with any provision of this Agreement, the party alleging such noncompliance shall deliver to the other in writing a courtesy notice, not less than thirty (30) calendar days prior to declaring a default under this Agreement. The time of notice shall be measured from the date of post mark which may be sent by regular mail.

The courtesy notice shall state the reason for noncompliance, any action necessary to correct the noncompliance, specify the nature of the alleged default and, where appropriate, the manner and period of time in which the noncompliance may be satisfactorily corrected. During the period of time the default letter is pending, the party alleged to be in default shall not be considered in default for the purposes of termination or institution of legal proceedings. If the default is corrected, then no default shall exist and the noticing party shall take no further action. If the default is not corrected within thirty (30) calendar days, the following courses of action shall apply:

(a) County Procedures

(i) Intent to Remedy Noncompliance. After proper notice and the expiration of the above-referenced periods for correcting the alleged default, the Director of Development Services, or his or her designee, may do one or both of the following options:

- (1) Immediately direct County staff to recommend that all future zoning, land use, and mapping applications within the Project be conditioned so that the building permits to be issued as a result of those approvals shall not be issued until the default is corrected, or;

(2) Issue a letter providing notice of County's intent to set the matter for hearing before the County Commission. The letter shall notify Owner of the action taken. In the event the County selects this option, County shall give Owner at least seven (7) business days notice to correct the default before the matter is scheduled for a hearing. The letter notifying Owner of the hearing shall contain the intended hearing date. The seven (7) business days will be measured from the date of the certified mailing of the notice.

(ii) Hearing Schedule. If the default is not corrected within the time specified above, the matter shall be scheduled and noticed as required by law for consideration and review by the County Commission on the next available Commission zoning agenda.

(iii) Review by County Commission. Following consideration of the evidence presented before the County Commission and a finding based on substantial evidence that a default has occurred by Owner and the default remains uncorrected, the County Commission may authorize the suspension of building permits within the Project or may amend or terminate this Agreement. Termination shall not in any manner rescind, modify, or terminate any Vested Right in favor of Owner, existing or received, as of the date of the termination. Owner shall have twenty-five (25) calendar days after the date of notice of the County Commission's decision is filed with the Clark County Clerk, Commission Division, to institute legal action pursuant to Sections 5.05 and 5.06 hereof, to determine whether the County Commission abused its discretion in determining whether a default existed and remained uncorrected.

(b) Owner Procedures

(i) After proper notice and the expiration of the above-referenced periods for correcting the alleged default, Owner may issue a letter requesting a hearing before the County Commission for review of the alleged default. Upon receipt of the letter, County shall schedule an item to consider the alleged default on the next available Commission zoning agenda.

(ii) Review by County Commission. Following consideration of the evidence presented before the County Commission and a finding based on substantial evidence that a default has occurred by County and remains uncorrected, the County Commission shall direct County staff to correct the default. Owner shall have twenty-five (25) calendar days after the date of notice of the County Commission's decision is filed with the Clark County Clerk, Commission Division, to institute legal action pursuant to this Section hereof to determine whether the County Commission abused its discretion in determining whether a default existed and remained uncorrected.

(c) Waiver. Failure or delay in giving any notice provided for herein shall not constitute a waiver of any default. Except as otherwise expressly provided in this Agreement, any failure or delay by any party in asserting any of its rights or remedies in respect to any default shall not operate as a waiver of any default or of any such rights or remedies, or deprive such party of its right to institute and maintain any actions or proceeding which it may deem necessary to protect, assert, or enforce any of its right or remedies.

(d) Notices. All notices provided for herein shall be sent to and in the manner provided in Section 7.08 of this Agreement.

5.04 Option to Terminate. After proper notice and the expiration of the above-referenced period for correcting the alleged default, the party alleging the default shall give notice of intent to amend or terminate this Agreement pursuant to NRS §278.0205 (the "Notice of Intent"), with notices sent in the manner

provided by Section 7.08 of this Agreement. Following any such Notice of Intent, the matter shall be scheduled and noticed as required by law for consideration and review by the County Commission.

5.05 Unavoidable Delay or Default, Extension of Time for Performance. Neither party hereunder shall be deemed to be in default, and performance shall be excused, where delays or defaults are caused by war, acts of terrorism, insurrection, strikes, walkouts, riots, floods, earthquakes, fires, casualties, acts of God, restrictions imposed or mandated by governmental entities, failure of governmental agencies (other than County) to perform acts or deeds necessary for the performance of this Agreement, enactment of conflicting state or federal laws or regulations, new or supplementary environmental regulations, litigation, or similar matters beyond the control of the parties. If written notice of any such delay is given to County within thirty (30) calendar days after the commencement thereof, an automatic extension of time, unless otherwise objected to by County within ten (10) business days of such written notice, shall be granted coextensive with the period of the enforced delay, or longer as may be required by circumstances or as may be subsequently agreed to between County and Owner.

5.06 Institution of Legal Action. The County and Owner agree that the County would not have entered into this Agreement if it were liable for damages under or with respect to this Agreement. Accordingly, the County and the Owner may pursue any remedy at law or equity available for breach, except that neither the Owner nor the County shall be liable to the other or to any other person or entity for any monetary damages whatsoever. Prior to the institution of any legal action, the party seeking legal action must give the thirty (30) day notice of default as set forth in Section 5.03. Following such notice, a public hearing must be held by the County Commission where the allegations will be considered and a decision regarding their merits will be reached. Any judicial review of the County Commission's decision or any legal action taken pursuant to this Agreement will be heard by a Court under the standard review appropriate to Court review of zoning actions, and the decision of the County Commission shall be overturned or overruled if its decision is clearly arbitrary and capricious. Judicial review of the decision of the County Commission shall be limited to the evidence presented to the County Commission at the public hearing. If a party desires to present new or additional evidence to the Court, such party may petition the Court to remand the matter to the County Commission to consider the additional or new evidence. Jurisdiction for judicial review or any judicial action under this Agreement shall rest exclusively with the Eighth Judicial District Court, State of Nevada.

5.07 Applicable Laws. This Agreement shall be construed and enforced in accordance with the law of the State of Nevada.

SECTION 6 – CONFLICTING LAWS

6.01 Conflicting State or Federal Rules. In the event that any conflicting state or federal laws or regulations enacted after the Effective Date prevent or preclude compliance with one or more provisions of this Agreement or require changes in plans, maps or permits approved by the County, this Agreement shall remain in full force and effect as to those provisions not affected, and the conflicting laws or regulations shall not be applied retroactively, and:

(a) Notice and Copies. Either party, upon learning of any such matter, will provide the other party with written notice thereof and provide a copy of any such law, regulation or policy or an account of any such action or inaction together with a statement of how any such matter conflicts with the provisions of this Agreement; and

(b) Modification Conferences. The parties shall, within thirty (30) calendar days of the notice referred to in the preceding subsection, meet and confer in good faith and attempt to modify this Agreement to bring it into compliance with any such federal or state law or regulation, or accommodate any such action or inaction.

6.02 County Commission Hearings. In the event the County believes that an amendment to this Agreement is necessary pursuant to this Section 6 due to the effect of any federal or state law or regulation, the proposed amendment shall be scheduled for hearing before the County Commission. The County Commission shall determine the exact nature of the amendment or suspension necessitated by such federal or state law or regulation or action or inaction. Owner shall have the right to offer oral and written testimony at the hearing. Any suspension or modification ordered by the County Commission pursuant to such hearing is subject to judicial review as set forth in Section 5.06. The parties agree that any matter submitted for judicial review shall be subject to expedited review in accordance with Rule 2.15 of the Eighth Judicial District Court of the State of Nevada.

6.03 Cooperation in Securing Permits. The County shall use its Best Efforts to cooperate with Owner in securing any County permits, licenses or other authorizations which may be required as a result of any amendment or suspension resulting from actions initiated under this Section 6. Owner will be responsible to pay all applicable fees in connection with securing of the permits.

SECTION 7 – GENERAL PROVISIONS

7.01 Enforcement and Binding Effect. Subject to the limitations of NRS §278, this Agreement is enforceable by either party in accordance with its terms notwithstanding any change (which, except for this Agreement, would otherwise be applicable) in any of the Applicable Rules. Nothing in this Agreement shall prevent the County from increasing "cost based fees" which are deemed to be administrative fees for issuance of land use approvals, building permits, plan checks, or inspections which are based upon actual costs to the County and which are uniformly applied to all development and construction subject to the County's jurisdiction. "Cost based fees" do not include the fees addressed in Section 4.01 of this Agreement.

7.02 Duration of Agreement. The Term of this Agreement shall commence upon the Effective Date and shall expire on the date the land use application expires or upon the eighth (8th) anniversary of the Effective Date, or when all obligations hereunder are satisfied, whichever occurs earliest, unless extended by written agreement executed by County and Owner.

7.03 Assignment.

(a) Transfer Not to Relieve Owner of its Obligation. Except as expressly provided herein, no assignee or transferee of any portion of the Project within the area covered by a recorded subdivision map shall be subject to the obligations of Owner as to the portion of the Project so assigned or transferred nor be deemed to have assumed all such obligations, and such assignment or transfer shall not relieve Owner of its obligation as to the assigned or transferred portion of the Project.

(b) Transfer to an Affiliate of Owner. The rights of Owner under this Agreement may be freely transferred or assigned to any entity, partnership, or corporation, which Owner controls, or in which Owner has a controlling interest, or which controls Owner; provided, such entity shall assume in writing all obligations of Owner hereunder.

(c) Third Party Assignment. The rights and obligations of Owner under this Agreement may be freely transferred or assigned to a third party not affiliated with Owner, provided such third party assumes in writing all obligations of Owner hereunder as to the assigned or transferred portion of the Project along with a copy of the sale, transfer, conveyance, or assignment agreement wherein the third party assumes the obligations of the Owner. Upon any such assignment hereunder, the Owner shall be relieved of all obligations and liabilities under or in connection with this agreement. In connection with the conveyance of any portion of the property, Owner shall provide County with written notice of any sale, transfer, conveyance or assignment of any unimproved portion of the Project.

(d) Financial Transactions. Owner has full discretion and authority to transfer, assign or encumber the Project or portions thereof in connection with financing transactions, without limitation on the size or nature of any such transaction, the amount of land involved or the use of the proceeds therefrom, and may enter into such transaction at any time and from time to time without permission of or notice to County.

7.04 Amendment or Cancellation of Agreement. Except as otherwise permitted by NRS §278.0205 and Section 5 of this Agreement, this Agreement may be amended from time to time or canceled only upon the mutual written agreement of the parties hereto; provided however, that to the extent this Agreement expires pursuant to Section 7.02 above.

7.05 Indemnity; Hold Harmless. Except as expressly provided in this Agreement, Owner shall hold County, its officers, agents, employees, and representatives harmless from liability for damage or claims for damage for personal injury, including death and claims for property damage which may arise from the direct or indirect operations of Owner or those of its contractors, subcontractors, agents, employees, or other persons acting on Owner's behalf which relate to the development of the Project. Owner agrees to and shall defend County and its officers, agents, employees, and representatives from actions for damages caused or alleged to have been caused by reason of Owner's activities in connection with the development of the Project. Owner agrees to indemnify, hold harmless, and provide and pay all costs for a defense for County in any legal action filed in a court of competent jurisdiction by a third party challenging the validity of this Agreement. The provisions of this Section shall not apply to the extent such damage, liability, or claim is solely caused by the intentional or negligent act of County, its officers, agents, employees, or representatives.

7.06 Binding Effect of Agreement. Subject to Section 7.03 hereof, the burdens of this Agreement bind, and the benefits of this Agreement inure to the parties' respective successors in interest.

7.07 Relationship of Parties. It is understood that the contractual relationship between County and Owner is such that Owner is an independent contractor and not an agent of County for any purpose.

7.08 Notices. All notices, demands and correspondence required or provided for under this Agreement shall be in writing and delivered in person or sent by overnight courier or mailed by certified mail postage prepaid, return receipt requested. Notices shall be sent to the address on file to Owner and/or Applicant, as shown on "Exhibit B" and the Comprehensive Planning Department and Office of the District Attorney-Civil Division addressed as follows:

Project Description

General Summary

- Site Address: N/A
- Site Acreage: 1.4
- Number of Lots: 18
- Density (du/ac): 13.6
- Minimum/Maximum Lot Size (square feet): 2,001 (gross and net)/2,239 (gross and net)
- Project Type: Single family residential development
- Number of Stories: 3
- Building Height (feet): 35
- Square Feet: 1,798 to 1,892
- Open Space Required/Provided: 3,600/3,739

Site Plans

The plans depict a single family residential development consisting of 18 lots on 1.4 acres with a density of 13.6 dwelling units per acre. The minimum and maximum lot sizes are 2,001 and 2,239 square feet, respectively. The primary ingress and egress to the proposed development is via a private street, which connects to the Torino Avenue alignment. The private street servicing the development is a north/south alignment terminating as a hammerhead design within the interior of the development, between Lot 9 and Lot 10. The private street measures 33 feet in width, necessitating a waiver of development standards to reduce the street width. A 4 foot wide sidewalk is located on the east side of the private street, adjacent to Lot 1 through Lot 9 and the open space area. The 4 foot wide sidewalk connects to the proposed 5 foot wide sidewalk along Torino Avenue. The proposed single family residences within the development maintain a minimum setback of 10 feet from the front property line, which is permissible per the Code contingent upon 2 trees planted adjacent to the street for decorative features are provided and shown on plans, such as bay windows or stucco pop-outs, and color or texture is added to the driveway other than a grey, broom finish. The landscape plan depicts 2 trees planted adjacent to the street, complying with the aforementioned Code requirement. Furthermore, enhanced architecture is provided on all elevations and enhanced colored concrete driveways are provided for all lots. All driveways maintain the minimum length of 20 feet per Code requirements. A waiver of development standards is required to reduce the interior side yard setbacks for Lot 2 through Lot 17 and the rear yard setback for all 18 lots within the development. A waiver of development standards is also requested to reduce the separation distance to 8 feet and 7 feet from back of curb radius at Lot 1 and Lot 18, respectively, where 12 feet is required. Lot 1 and Lot 18 feature a driveway width of 9 feet, requiring a waiver to reduce the minimum width of 12 feet. The increase to finished grade will predominantly occur along the west portion of the development, with the maximum grade increase occurring at Lot 10 situated at the northwest portion of the site.

Landscaping

A proposed landscape area measuring 6 feet in width is located behind a proposed 5 foot wide attached sidewalk along Torino Avenue. Twenty-four inch box trees are planted 15 feet on center within the landscape area in addition to shrubs and groundcover. Open space, consisting of 3,739 square feet, is located along the north portion of the site, immediately adjacent to the hammerhead cul-de-sac. Approximately 3,600 square feet of open space is required where 3,739 square feet of open space is provided.

Elevations

The plans depict 3 story model homes with 2 different elevations with a maximum height of 35 feet. The proposed models consist of a pitched, concrete tile roof with exterior materials featuring wood and stucco siding. Architectural enhancements are featured on all elevations including window fenestration and stucco pop-outs. The front elevations feature outdoor balconies on the second floor, with a cultured stone veneer exterior on the exterior of the first floor. No rooftop decks are proposed with either 3 story model. The homes will consist of neutral, earth tone colors.

Floor Plans

The plans depict 3 story model homes with 2 different floor plans ranging in size from 1,798 square feet to 1,892 square feet. The model consisting of 1,798 square feet features a tandem 2 car garage on the first floor, a dining room, kitchen, powder room, kitchen, and a balcony on the second floor, and 3 bedrooms and 2 bathrooms on the third floor. The model consisting of 1,892 square feet includes a 2 car garage, family room, and bathroom on the first floor, a great room, dining room, kitchen, bathroom, and a balcony on the second floor, and 3 bedrooms and 2 bathrooms on the third floor.

Applicant's Justification

According to the applicant, the proposed zone change from an R-E to RUD zoning district is appropriate based on the following: 1) the proposal is generally consistent with the Enterprise Land Use Plan; 2) there will be capacity to provide adequate public facilities and services; 3) the proposal will not significantly impact the natural environment; 4) the proposal is harmonious and compatible with the existing and planned development in the area, resulting in a logical and orderly development pattern; and 5) a voluntary neighborhood meeting was conducted with no objections from the surrounding property owners.

The applicant states the proposed hammerhead cul-de-sac is justified utilizing the following factors for consideration: 1) each lot has 2 enclosed parking spaces with either 1 or 2 spaces available for parking in the driveway; 2) all driveways have a minimum length of 20 feet; 3) only 1 hammerhead is proposed in this development; 4) all lots meet the minimum area of 2,000 square feet; and 5) the hammerhead is only serving 18 lots and the terminating portion of the cul-de-sac is located approximately 250 feet from Torino Avenue.

Due to the existing washes within the interior of the subject parcel, there will be several areas where the fill will be approximately 3.5 feet above finished grade. The waiver to reduce the interior side yard setback for Lot 2 through Lot 17 is to the leading edge of the overhang. The waiver to reduce the rear yard setback for all lots only occurs on the first floor of each residence.

The tandem car garage model will be constructed at Lot 1 and Lot 18 to mitigate the impact to reduce the driveway separation from the back of curb radius. A private street with a driving surface width of 33 feet is proposed with a 6 inch A-curb and 3 foot wide concrete sidewalk.

Surrounding Land Use

	Planned Land Use Category	Zoning District	Existing Land Use
North	Residential Suburban (up to 8 du/ac)	R-2	Single family residential development
East	Residential Medium (from 3 to 14 du/ac)	R-E	Undeveloped
South & West	Residential High (8 to 18 du/ac)	R-4	Undeveloped

The subject site is within the Public Facilities Needs Assessment (PFNA) area.

Related Applications

Application Number	Request
VS-21-0397	A request to vacate patent easements is a companion item on this agenda.

STANDARDS FOR APPROVAL:

The applicant shall demonstrate that the proposed request meets the goals and purposes of Title 30.

Analysis

Current Planning

Zone Change

The request to RUD zoning conforms to the Enterprise Land Use Plan which designates the subject parcel as Residential Medium at a density of up to 14 dwelling units per acre. The RUD zoning should serve as an appropriate transition from the undeveloped R-4 zoned parcel to the west and south, the R-2 zoned development to the north, and the undeveloped parcel with a planned land use of Residential Medium to the east of the project site. The proposed zoning classification is consistent and compatible with the existing and approved land uses in the surrounding area; therefore, staff recommends approval.

Waivers of Development Standards

According to Title 30, the applicant shall have the burden of proof to establish that the proposed request is appropriate for its existing location by showing that the uses of the area adjacent to the property included in the waiver of development standards request will not be affected in a substantially adverse manner. The intent and purpose of a waiver of development standards is to modify a development standard where the provision of an alternative standard, or other factors which mitigate the impact of the relaxed standard, may justify an alternative.

Waiver of Development Standards #1

The request to reduce the interior side and rear yard setbacks is a self-imposed hardship. Staff finds the proposed site layout and/or floor plans can be reconfigured to meet the required

setbacks. Furthermore, staff finds sufficient justification has not been provided for the waiver request; therefore, staff recommends denial.

Design Review #1

Architectural enhancements are provided on all sides of the proposed residences. Staff finds that the design of the residences comply with Urban Land Use Policy 43 which promotes projects that provide varied neighborhood design and/or innovative architecture that include varied setbacks from residences to front property lines, reduced visual dominance of garages, varied rooflines, and/or architectural enhancements on all sides. However, since staff is not supporting the waiver of development standards to reduce the setbacks and the design review for the hammerhead cul-de-sac, which are self-imposed hardships, staff cannot support the design review and recommends denial.

Design Review #2

Staff is concerned with the proposed hammerhead design being utilized for the termination of the private street within the subdivision. The hammerhead design encourages additional on-street parking, making it difficult for vehicular maneuverability within the cul-de-sac. The hammerhead design potentially impedes vehicular maneuverability and access for emergency vehicles within the portion of the subdivision servicing Lot 9 and Lot 10. Staff finds the applicant has not provided compelling justification for the proposed street design; therefore, cannot support this request.

Public Works - Development Review

Waiver of Development Standards #2

Staff has no objection to the request provided that Fire Prevention approves the request. However, since Planning cannot support the application in its entirety, staff cannot support this waiver.

Waiver of Development Standards #3a

Staff has no objection to the request to reduce the driveway separation from the back of curb radius. Torino Avenue dead ends just east of the subject site, so the impact of the reduced distance will be minimal. However, since Planning cannot support the application in its entirety, staff cannot support this waiver.

Waiver of Development Standards #3b

Staff has no objection to the reduced width of the residential driveways for Lot 1 and Lot 18. This reduction will only impact the residents of those 2 lots. However, since Planning cannot support the application in its entirety, staff cannot support this waiver.

Design Review #3

This design review represents the maximum grade difference within the boundary of this application. This information is based on preliminary data to set the worst case scenario. Staff will continue to evaluate the site through the technical studies required for this application. Approval of this application will not prevent staff from requiring an alternate design to meet Clark County Code, Title 30, or previous land use approval. However, since Planning cannot support the application in its entirety, staff cannot support this design review.

Department of Aviation

The development will penetrate the 100:1 notification airspace surface for McCarran International Airport. Therefore, as required by 14 CFR Part 77, and Section 30.48.120 of the Clark County Unified Development Code, the Federal Aviation Administration (FAA) must be notified of the proposed construction or alteration.

The property lies just outside the AE-60 (60-65 DNL) noise contour for the McCarran International Airport and is subject to continuing aircraft noise and over-flights. Future demand for air travel and airport operations is expected to increase significantly. Clark County intends to continue to upgrade the McCarran International Airport facilities to meet future air traffic demand.

Staff Recommendation

Approval of the zone change; denial of the waivers of development standards and design reviews.

If this request is approved, the Board and/or Commission finds that the application is consistent with the standards and purpose enumerated in the Comprehensive Master Plan, Title 30, and/or the Nevada Revised Statutes.

PRELIMINARY STAFF CONDITIONS:**Current Planning**

If approved:

- No Resolution of Intent and staff to prepare an ordinance to adopt the zoning;
- Design review as a public hearing for significant changes to plans;
- Enter into a standard development agreement prior to any permits or subdivision mapping in order to provide fair-share contribution toward public infrastructure necessary to provide service because of the lack of necessary public services in the area;
- Certificate of Occupancy and/or business license shall not be issued without final zoning inspection.
- Applicant is advised that the County is currently rewriting Title 30 and future land use applications, including applications for extensions of time, will be reviewed for conformance with the regulations in place at the time of application; a substantial change in circumstances or regulations may warrant denial or added conditions to an extension of time; the extension of time may be denied if the project has not commenced or there has been no substantial work towards completion within the time specified; and that the waivers of development standards and design reviews must commence within 2 years of approval date or they will expire.

Public Works - Development Review

- Drainage study and compliance;
- Drainage study must demonstrate that the proposed grade elevation differences outside that allowed by Section 30.32.040(a)(9) are needed to mitigate drainage through the site;
- Full off-site improvements;
- Right-of-way dedication to include 30 feet for Torino Avenue;

- Provide paved legal access;
- Applicant shall apply for a Bureau of Land Management (BLM) grant for Torino Avenue.
- Applicant is advised that approval of this application will not prevent Public Works from requiring an alternate design to meet Clark County Code, Title 30, or previous land use approvals.

Department of Aviation

- Applicant is required to file a valid FAA Form 7460-1, "Notice of Proposed Construction or Alteration" with the FAA, in accordance with 14 CFR Part 77, or submit to the Director of Aviation a "Property Owner's Shielding Determination Statement" and request written concurrence from the Department of Aviation;
- If applicant does not obtain written concurrence to a "Property Owner's Shielding Determination Statement," then applicant must also receive either a Permit from the Director of Aviation or a Variance from the Airport Hazard Areas Board of Adjustment (AHABA) prior to construction as required by Section 30.48 Part B of the Clark County Unified Development Code;
- No building permits should be issued until applicant provides evidence that a "Determination of No Hazard to Air Navigation" has been issued by the FAA or a "Property Owner's Shielding Determination Statement" has been issued by the Department of Aviation.
- Applicant is advised that the FAA's determination is advisory in nature and does not guarantee that a Director's Permit or an AHABA Variance will be approved; that FAA's airspace determinations (the outcome of filing the FAA Form 7460-1) are dependent on petitions by any interested party and the height that will not present a hazard as determined by the FAA may change based on these comments; that the FAA's airspace determinations include expiration dates; that separate airspace determinations will be needed for construction cranes or other temporary equipment; that issuing a stand-alone noise disclosure statement to the purchaser or renter of each residential unit in the proposed development and to forward the completed and recorded noise disclosure statements to the Department of Aviation's Noise Office is strongly encouraged; that the FAA will no longer approve remedial noise mitigation measures for incompatible development impacted by aircraft operations which was constructed after October 1, 1998; and that funds will not be available in the future should the residents wish to have their buildings purchased or soundproofed.

Clark County Water Reclamation District (CCWRD)

- Applicant is advised that the property is already connected to the CCWRD sewer system; and that if any existing plumbing fixtures are modified in the future, then additional capacity and connection fees will need to be addressed.

TAB/CAC: Enterprise - approval of the zone change; denial of the waivers of development standards and design reviews.
