**BACKGROUND:**

At the February 15, 2022, Clark County Board of County Commissioner's meeting, a Memorandum of Understanding (MOU) was approved that will allow the Eighth Judicial District Court (EJDC) to operate as an independent agency separate from Clark County. The MOU outlines the responsibilities of certain governmental services provided by Clark County and the EJDC wherein the EJDC and Clark County memorialized an agreement between the two entities relative to general services, facilities, budget process, personnel administration, finance, and related issues.

This newly created special revenue fund is being established as a result of the approved MOU so that the EJDC may administer and account for the revenues and expenditures that are associated with its operations. This fund will become effective July 1, 2022.
