**BACKGROUND:**

In 2015, Clark County (County), on behalf of the Desert Conservation Program (DCP), purchased Assessor's Parcel Number 034-00-001-019 (Property). County has been approached by Overton Power District (OPD) requesting an easement for ±5,435 square feet to expand their existing transmission line. The existing facilities containing ±113,191 square feet were not recorded against the Property. OPD has agreed to pay the fair market value of \$565.00 for the expansion and the County will grant an easement for the entire area containing ±118,626 square feet or 2.72 acres. The funds received will be deposited back into the funding source used to purchase the Property for DCP.

This item was presented to the County Long Range Planning Committee on June 10, 2021.
