PA-26-700007-PEACEFUL SUNDAYS TRUST & GRAHAM WILLIAM L JR & ONCHA TRS:

PLAN AMENDMENT to redesignate the existing land use category from Neighborhood Commercial (NC) to Compact Neighborhood (CN) on 2.05 acres.

Generally located south of Blue Diamond Road and west of Cimarron Road within Enterprise. JJ/gc (For possible action)

RELATED INFORMATION:

APN:

176-21-201-016; 176-21-201-017

EXISTING LAND USE PLAN:

ENTERPRISE - NEIGHBORHOOD COMMERCIAL

PROPOSED LAND USE PLAN:

ENTERPRISE - COMPACT NEIGHBORHOOD (UP TO 18 DU/AC)

BACKGROUND:

Project Description

General Summary

- Site Address: 8327 Serene Avenue
- Site Acreage: 2.05
- Existing Land Use: Undeveloped

Applicant's Justification

The applicant states that the request for the Compact Neighborhood (CN) land use category is appropriate since the area has been transitioning from an undeveloped and low-density residential area to a variety of residential and commercial uses. The Compact Neighborhood (CN) land use category will be far less intense than the existing Neighborhood Commercial (NC) land use category on the site which is preferable for the existing residential communities to the east, west, and south of the site. With the proposed removal of the Neighborhood Commercial (NC) land use category from the site, there is still plenty of commercial uses along Blue Diamond Road to serve the area. The proposed plan amendment will not result in any additional impacts on surrounding infrastructure not already contemplated in the area.

Surrounding Land Use

	Planned Land Use Category	Zoning District (Overlay)	Existing Land Use
North	Corridor Mixed-Use	CG	Undeveloped
South & East	Mid-Intensity Suburban Neighborhood (up to 8 du/ac)	RS2	Single-family residential
West	Mid-Intensity Suburban Neighborhood (up to 8 du/ac)	RM18	Multi-family residential

The subject site is within the Public Facilities Needs Assessment (PFNA) area.

STANDARDS FOR ADOPTION:

The applicant shall demonstrate the proposed request is consistent with the Master Plan and is in compliance with Title 30.

Analysis

Comprehensive Planning

The applicant shall establish the request is consistent with the overall intent of the Master Plan by demonstrating the proposed amendment 1) is based on changed conditions or further studies; 2) is compatible with the surrounding area; 3) will not have a negative effect on adjacent properties or on transportation services and facilities; 4) will have a minimal effect on service provision or is compatible with existing and planned service provision and future development of the area; 5) will not cause a detriment to the public health, safety, and general welfare of the people of Clark County; and 6) adherence to the current goals and policies of the Master Plan would result in a situation neither intended by nor in keeping with other core values, goals, and policies.

The applicant requests a change from Neighborhood Commercial (NC) to Compact Neighborhood (CN). Intended primary land uses in the proposed Compact Neighborhood (CN) land use category include single-family attached and detached homes, duplexes, triplexes, fourplexes, and townhomes. Supporting land uses include accessory dwelling units, multi-family dwellings, and neighborhood-serving public facilities, such as parks, trails, open space, places of assembly, schools, libraries, and other complementary uses.

The request for the Compact Neighborhood (CN) land use category on the site is compatible with the surrounding area. Although the adjacent properties to the east, south, and west are planned for Mid-Intensity Suburban Neighborhood (MN) uses, the zoning for the properties to the east and south are RS2 and the properties to the west are RM18 which are conforming zoning categories to the Compact Neighborhood (CN) land use category. Furthermore, designating the site for a residential land use category would have less of an impact on the adjacent residential developed properties to the east, south, and west than the existing commercial land use category. The request complies with Policy 1.4.4 of the Master Plan which encourages infill development and redevelopment in established neighborhoods while promoting compatibility with the scale and intensity of the surrounding area. For these reasons, staff finds the request for the Compact Neighborhood (CN) land use category is appropriate for this location.
