

ATTACHMENT 1
REQUEST FOR PROPOSAL NO. 250013
Clark County Area-Wide Water Quality Management Plan (WQMP)

SUMMARY

Request for Proposal (RFP) 250013 was issued on June 5, 2025. Pre-Proposal meeting was held on June 12, 2025, and the RFP closed on July 10, 2025, at 2:00 PM PST. The Procurement Solutions Section received two (2) proposals.

Proposals were received from the following firms: Brown and Caldwell (LBE) and HDR Engineering, Inc. (NBE).

The Evaluation Committee consisted of three Clark County Water Reclamation District staff members and one the Regional Flood Control District staff member (refer to Attachment 2). The proposals were reviewed for the compliance with qualification requirements, conformance to the RFP requirements and scored relative to the technical qualifications, experience and proposed strategy criteria listed in the RFP. Each proposal was rated in five categories for a maximum possible score of 100 points. The rating criteria for this proposal are:

1. Expertise/Experience/Qualifications (40 maximum points)
2. Proposed Strategy and Operational Plan (30 maximum points)
3. Local Conditions Experience (25 maximum points)
4. Conformance to RFP requirements (5 maximum points)

The Summary of the evaluation results is as follows:
