Additional	Services to be requested by work order, with funding from any of the above-stated sources.		
Comments:	Supplemental No. 2 increase of \$100,000 revises the total contract value to \$300,000.		

BACKGROUND:

On May 21, 2019, the Board of County Commissioners approved a professional services contract with Ninyo & Moore Geotechnical and Environmental Sciences Consultants (Ninyo & Moore) to provide independent assurance observation, quality assurance testing, and inspection on various Clark County Department of Public Works (CCPW) projects. Supplemental No. 1 to the professional services contract for additional quality assurance or independent assurance testing and inspection was approved by the Board on July 21, 2020.

Due to CCPW's present and anticipated project workload and its limited testing resources, the services of an outside consultant for quality or independent assurance testing and inspection on various CCPW projects was and continues to be needed.

The attached Supplemental No. 2 to the professional services contract with Ninyo & Moore will increase total funds for additional quality assurance and independent assurance testing and inspection on various CCPW projects related to the work orders assigned to Ninyo & Moore under this contract. The contract termination is extended to December 31, 2022. Ninyo and Moore currently holds a Clark County Business License.

The District Attorney's Office has reviewed and approved the supplemental contract as to form.
