The applicant shall demonstrate the proposed request is consistent with the Master Plan and is in compliance with Title 30.

Analysis

Comprehensive Planning

In addition to the standards for approval, the applicant must demonstrate the zoning district is compatible with the surrounding area. The request for RS3.3 zoning on the site is compatible with the surrounding area. There are existing examples of single-family residential developments located adjacent to or near Blue Diamond Road farther west. The proposed RS3.3 zoning allows for a transition between a busy state highway (Blue Diamond Road) and the Neighborhood Protection (RNP) Overlay properties to the south. Similar examples of RS3.3 zoning being used to buffer RNP areas in the vicinity are located to the north of Blue Diamond Road. The request complies with Policy 1.1.1 of the Master Plan which encourages the provision of diverse housing types at varied densities and in numerous locations. For these reasons, staff finds the request for RS3.3 zoning is appropriate for this location.
