- C. Consent to one assignment will not be deemed as consent to any subsequent assignment.
- D. Any assignment without Aviation's consent is void, and at the option of Aviation shall constitute a default hereunder.

2.1.5 Mergers and Consolidations

2.21.3 Upon termination of this Agreement, howsoever caused, Aviation will have the option to require any of the following by giving written notice prior to the date of termination, as determined by the Director to be in Aviation’s best interest.

A. Company will, upon receipt from Aviation of thirty (30) days’ notice of termination, remove all or part (as determined by the Director) of the permanent Improvements made to or placed upon the Assigned Areas by Company. Company agrees that it will use due diligence in completion the removal as may be required herein.

B. Company will leave in place all of the permanent Improvements whereupon title and ownership will pass from Company and vest in Aviation without any further consideration required from Aviation. Company agrees that it will immediately provide any transfers of title to Aviation as may be required.

For purposes of this Section, the words “permanent Improvements,” means all Improvements and fixtures installed by Company upon the Assigned Areas which will include, but not be limited to lighting, fencing, buildings, structures and related appurtenances, wall coverings, carpeting, draperies and light fixtures unless this Agreement expressly requires Aviation to pay Company for the unamortized value of the Improvements.

C. Company shall restore the Assigned Areas to its original condition, reasonable wear and tear excepted, as directed by Aviation. Company shall complete restoration within ninety (90) days, or such other time acceptable

by Aviation, and work shall be done in accordance with the Airport Tenant Improvement Manual. All such restoration work shall be at the sole cost and expense of Company.

- D. If no written notice is received by Company from Aviation prior to termination of this Agreement pursuant to this Section 2.21.3, then Subsection 2.21.3(B) will apply, and Company will leave in place all of the permanent Improvements whereupon title and ownership will pass from Company and vest in Aviation without any further consideration required from Aviation. Company agrees that it will immediately provide any transfers of title to Aviation as may be required.

2.21.4 All material items, whether owned by Company or are in Company's custody and control, shall be removed from the Assigned Areas or other applicable areas of the Airport. Any material items left behind by, or on behalf of Company shall be considered abandoned and shall be disposed of accordingly at the sole cost of Company.

2.22 SUSPENSION AND ABATEMENT

In the event that Company's operation from the Assigned Areas should be restricted substantially by action of the Federal government or agency thereof or by any judicial or legislative body, then Company will have the right, upon written notice to Aviation, to a suspension of this Agreement and an abatement of an equitable proportion of the payments to become due, from the time of such notice until such restrictions will have been remedied and normal operations restored.

2.23 RECOVERY OR RELOCATION OF ASSIGNED AREAS

2.23.1 Aviation may, in its unlimited discretion, at any time during the Term of this Agreement or any extensions, recover all or any part of the Assigned Areas for other Airport or public uses. Prior to the exercise of this power of recovery, Aviation agrees to give Company one hundred twenty (120) days prior written notice of its intention to exercise this power.

2.23.2 In the event the recovery is for a portion of the Assigned Areas, then this Agreement will continue except that the Assigned Areas will be modified. Such modification to the Assigned Areas will be reflected through the issuance of an Amendment and/or Space Use Letter, as provided for under Section 1.3.2 of this Agreement.

2.23.3 In the event of a total taking, Aviation will pay to Company a sum equal to the unamortized value of the fixed Improvements made to the Assigned Areas by Company. For the purposes of this Agreement and the determination of unamortized value, the Parties agree that the said fixed Improvements will be amortized on a straight line method over the full term of this Agreement, excluding any option periods of this Agreement.

2.23.4 Aviation may, in its unlimited discretion, at any time during the term of this Agreement or any extensions thereof, relocate the Assigned Areas. Prior to the exercise of this power of relocation, Aviation agrees to give Company one hundred eighty (180) days prior written notice of its intention to exercise this power. In the event of such relocation, Aviation will pay to Company a sum equal to all of Company's reasonable expenses related to such relocation. Further, Aviation will use its best efforts to find a similar location suitable for Company's business operation and with similar exposure to the traveling public. Company will retain the right to terminate this Agreement with sixty (60) days prior written notice to Aviation if such replacement location is considered unsuitable, in Company's judgment.

2.24 ATTORNMENT

- 2.24.1 All subleases of Company will be subject to all terms and conditions of this Agreement. In the event Company ceases to be a Party to this Agreement and perform its obligations hereunder to Aviation, other than by a transfer of interest and novation approved in writing by Aviation, all sublessees will recognize Aviation as the successor to Company, be bound by the terms and conditions of this Agreement and render performance hereunder to Aviation as if the Agreement were executed directly between Aviation and sublessees; provided, however, Aviation agrees that so long as sublessees are not in default, Aviation agrees to provide quiet enjoyment to sublessees and Aviation agrees to be bound by all of the terms and conditions of such sublease.
- 2.24.2 All subleases of Company will provide that if by reason of a default on the part of Company as lessee in the performance of the terms of the provisions of the underlying Agreement and the leasehold estate of Company as lessee thereunder is terminated by summary proceedings or otherwise in accordance with the terms of the underlying Agreement, all subleases will attorn to Aviation and recognize Aviation as lessor; provided, however, Aviation agrees that so long as such sublessees are not in default, Aviation agrees to provide quiet enjoyment to the sublessee and to be bound by all of the terms and conditions of each sublease.
- 2.24.3 In the event this Agreement is terminated for any reason, all sublessees will be liable to Aviation for the payment of each pro rata share of the rentals and fees required under Section 1.5 of this Agreement. Payment of rentals, fees, and charges under this Section will entitle the sublessee to quiet enjoyment of the Assigned Areas pursuant to Section 4.2 of this Agreement.
