### **STANDARDS FOR ADOPTION:**

The applicant shall demonstrate the proposed request is consistent with the Master Plan and is in compliance with Title 30.

### **Analysis**

#### **Comprehensive Planning**

The applicant shall establish the request is consistent with the overall intent of the Master Plan by demonstrating the proposed amendment 1) is based on changed conditions or further studies; 2) is compatible with the surrounding area; 3) will not have a negative effect on adjacent properties or on transportation services and facilities; 4) will have a minimal effect on service provision or is compatible with existing and planned service provision and future development of the area; 5) will not cause a detriment to the public health, safety, and general welfare of the people of Clark County; and 6) adherence to the current goals and policies of the Master Plan would result in a situation neither intended by nor in keeping with other core values, goals, and policies.

The applicant requests a change from Ranch Estate Neighborhood (RN) to Mid-Intensity Suburban Neighborhood (MN). Intended primary land uses in the proposed Mid-Intensity Suburban Neighborhood (MN) land use category include single-family attached and detached, and duplexes. Supporting land uses include accessory dwelling units and neighborhood-serving public facilities, such as parks, trails, open space, places of assembly, schools, libraries, and other complementary uses.

Staff cannot support the request for Mid-Intensity Suburban Neighborhood (MN) for the site. The site is within the Neighborhood Protection (RNP) Overlay and is adjacent to properties to the west and south that are planned for Ranch Estate Neighborhood (RN) uses and zoned RS20 (NPO-RNP). Therefore, the request is not compatible nor in harmony with the surrounding area. The request does not comply with Policy 1.5.1 of the Master Plan which supports the protection of existing Rural Neighborhood Preservation (RNP) areas; and Policy 1.5.2 which promotes adopting and implementing standards to protect the established character and lifestyles associated with RNP areas and minimizing future conflicts with higher intensity development planned on sites that are adjacent to RNP areas. For these reasons, staff finds the request for the Mid-Intensity Suburban Neighborhood (MN) land use category is not appropriate for this location.

**Staff Recommendation**

Denial. This item has been forwarded to the Board of County Commissioners for final action.

If this request is adopted, the Board and/or Commission finds that the application is consistent with the standards and purpose enumerated in the Master Plan, Title 30, and/or the Nevada Revised Statutes.
