Per Assessment Ordinance 2566 Section (7) Should any lot, tract or parcel of land within the District be divided after the effective date of this Ordinance and before the collection of all the assessment installments, the Board may require the County Treasurer to apportion the uncollected amounts upon the several parts of land so divided on a net assessable area basis unless such land is divided into single-family residential lots, in which case the uncollected amounts will be divided on a per lot basis; provided that the applicant, at the time of such apportionment, may request that the uncollected amounts be apportioned on a net area basis (rather than on a per lot basis). The County may consider such request and, in its sole discretion, apportion the uncollected assessments accordingly. For purposes of such apportionment, the term "net assessable area" shall exclude (i) areas excluded from the definition of "assessable property" pursuant to NRS 271.040, (ii) areas designated on the assessment plat as being areas of non-assessment, and (iii) properties which are conveyed with restrictions limiting the uses of such properties to common areas, parks, landscaped areas and other permanent open space. In the event that any conflict exists between the provisions of the assessment plat and this Ordinance, the terms of this Ordinance shall control. The area of lands not included in the net assessable area may be estimated by the County in the case of any apportionment for which final legal descriptions of the excluded area are not yet available and any such estimate shall be final and conclusive absent fraud. The report of such an apportionment, when approved, shall be conclusive on all the parties, and all assessments thereafter made upon the tracts shall thereafter be according to the subdivision. The report, when approved, shall be recorded in the Office of the County Recorder, together with a statement that the current payment status of any of the assessments may be obtained from the County Treasurer. Neither the failure to record the report nor any defect in the report as recorded shall affect the validity of the assessments, the lien for the payment therefor the priority of that lien.
