

CLARK COUNTY BOARD OF COMMISSIONERS

AGENDA ITEM

Petitioner: Melanie Rouse, Coroner

Recommendation:

Ratify the Clark County Coroner/Medical Examiner's Sudden Death in the Young (SDY) Registry grant award from the Centers for Disease Control & Prevention (CDC); authorize the continuation of funding of one (1) limited permanent Coroner Investigator (C26); and authorize the Coroner, or her designee, to sign the grant documents and accept any grant funds awarded. (For possible action)

FISCAL IMPACT:

Fund #:	2031.000	Fund Name:	County Grants
Fund Center:	1230520000	Funded PGM/Grant:	1230.CDCSDY.2023
Amount:	\$90,986.00		
Description:	Coroner Administration		
Additional Comments:	Grant Period is 9/30/2022 through 9/29/2023		

BACKGROUND:

The Nevada Department of Health and Human Services (NVHSS) designated the Clark County Office of the Coroner/Medical Examiner (CCOCME) as their bona fide agent to coordinate all Child Death Review (CDR) teams in Nevada in order to become one of the few states nationwide participating in the Sudden Death in the Young (SDY) Registry. The program is designed to track all deaths in young persons in order to identify risk factors and develop/implement strategies aimed at reducing future child deaths.

The CDC SDY grant is intended to enhance the existing surveillance system to comprehensively identify SDY cases in infants and children and build upon existing CDR programs statewide in Nevada. This grant program would fund a limited-permanent Coroner Investigator position to manage the program and serves as the state liaison, data collector and data upload coordinator on child deaths in Nevada. Funds would also be utilized on equipment, supplies and travel.

Based upon the previous successes of CCOCME participation in Federal and State grant programs, it is recommended the Board approve the ratification of Federal Grant #5 NU38DP000004-05-00 and accept the funds awarded on behalf of the Coroner.
