LAND USE PLAN:

SPRING VALLEY - BUSINESS EMPLOYMENT

BACKGROUND:

Project Description

General Summary

- Site Address: 6415 S. Tenaya Way
- Site Acreage: 5.31
- Project Type: Esports Tournaments
- Square Feet: 8,301 (proposed recreational/entertainment facility)
- Parking Required/Provided: 160/296

Site Plan

The site plan shows an office/warehouse complex with 3 main buildings located on the east, west, and south sides of the property. The proposed recreational/entertainment facility is in the western building, occupying 2 suites. Access to the complex is provided from Tenaya Way to the east.

Landscaping

No changes to landscaping are required or proposed with this application.

Elevations

The photos show a 2 story commercial building finished in light-colored stucco with decorative trim. It features large multi-pane windows, fabric awnings, and small balcony elements.

Floor Plans

The floor plans show a 2 story building with a recreational facility. The first floor features an open layout designed for multiple computer and gaming stations, along with restrooms, storage rooms, and support spaces. The second floor includes additional open gaming areas, meeting or office space, restrooms, and storage.

Applicant's Justification

The applicant is requesting a special use permit to operate a private, invitation-only esports and digital-creation facility hosting supervised events such as tournaments and studio sessions. Events will have 20–220 invited attendees, occur 2–6 times per month between 9:00 a.m. and 9:00 p.m., and will not allow walk-ins. All guests will be shuttled from off-site locations to avoid parking impacts, and operations will follow strict safety, access, and conduct policies. The applicant states the use will remain low-impact, fully supervised, and compatible with the surrounding neighborhood.

STANDARDS FOR APPROVAL:

The applicant shall demonstrate that the proposed request is consistent with the Master Plan and is in compliance with Title 30.

Analysis**Comprehensive Planning**Use Permit

A special use permit is considered on a case by case basis in consideration of the standards for approval. Additionally, the use shall not result in a substantial or undue adverse effect on adjacent properties, character of the neighborhood, traffic conditions, parking, public improvements, public sites or right-of-way, or other matters affecting the public health, safety, and general welfare; and will be adequately served by public improvements, facilities, and services, and will not impose an undue burden.

The use is fully contained within an existing office/warehouse building and requires only interior improvements, resulting in no changes to the exterior or site circulation. Because the facility does not allow walk-ins, does not include exterior activity, and operates only for limited scheduled events, the overall intensity remains low for the district. The request supports Master Plan Policies 5.1.3 and 5.5.3 and Spring Valley Policy SV-1.5 by promoting small business development, economic diversification, and appropriate siting within established employment areas. Additionally, the site has ample parking spaces for the entire complex. For these reasons, staff can support this request.

Staff Recommendation

Approval.

If this request is approved, the Board and/or Commission finds that the application is consistent with the standards and purpose enumerated in the Master Plan, Title 30, and/or the Nevada Revised Statutes.

PRELIMINARY STAFF CONDITIONS:**Comprehensive Planning**

- Applicant is advised within 2 years from the approval date the application must commence or the application will expire unless extended with approval of an extension of time; a substantial change in circumstances or regulations may warrant denial or added conditions to an extension of time; the extension of time may be denied if the project has not commenced or there has been no substantial work towards completion within the time specified; changes to the approved project will require a new land use application; and the applicant is solely responsible for ensuring compliance with all conditions and deadlines.
