RE: Equipment Donation – Firetrucks Unlimited
DATE: 02/11/2026

Dear Chief Neel,

On behalf of **Firetrucks Unlimited**, I am pleased to formally document the donation of firefighting equipment to the Moapa Valley Fire District. We recognize the unique challenges faced by rural and wildland fire services in Nevada, and we are proud to support your department's mission to protect the Moapa community.

The following inventory is being donated in "as-is" condition with a total fair market value of **\$7,500.00**:

- **Fire Hoses:** Assorted lengths and diameters.
- **Adapters & Fittings:** Various brass and aluminum hardware.
- **Wildland Equipment:** Specialized tools and gear for vegetation fire response.

By accepting this donation, the Moapa Valley Fire District assumes full ownership and responsibility for the maintenance and deployment of said equipment. Firetrucks Unlimited provides this contribution as a charitable gift to assist in the safety and efficiency of your first responders.

We thank you and your crew for your continued service and dedication.

Sincerely,

A handwritten signature in blue ink, appearing to read "Bandy", is written over a light blue circular stamp or watermark.
