Additional Comments:	N/A		

BACKGROUND:

The Clark County Water Reclamation District ("CCWRD") has a contract identified as "Project No. 727 Rapid Response Services" (District's Project). Clark County has a project known as "Desert Inn Road between Blue Ash Lane and Hollywood Boulevard" (County's Project). The County desires CCWRD to include the lowering of 20-inch reuse water pipeline at Desert Inn Road and Theme Road with the District's Project. CCWRD is willing to construct and perform contract administration for the County's Project.

The County will pay to CCWRD all actual construction costs in the not-to-exceed amount of \$197,750, which is the estimated cost of the County's Project.

The attached interlocal agreement further details the responsibilities, stipulations, and terms for both the County and CCWRD as they relate to this joint project.

The County and the CCWRD's legal counsels have reviewed and approved the interlocal agreement as to form.
